Geospatial Engine: GIS Micro-Demographic Catchment Buffer Model (RTE / RMSA Norms)
Published: August 2026 | Bhubaneswar, Odisha

1. Executive Summary & Spatial Optimization Methodology

The **Odisha Spatial School Education Masterplan** represents an evidence-based, geospatial planning roadmap designed to eliminate structural access barriers across all 30 districts of Odisha. While foundational primary schooling achieves widespread geographic penetration, the secondary education tier (Grades 9–10) suffers from severe spatial dropouts, particularly across the rugged Eastern Ghats and dense tribal hinterlands. This masterplan utilizes high-resolution habitation mapping and polygon boundary modeling to accurately identify every unserved community cluster and establish the true capital and operational budget required for universal education access.

Spatial Buffer Standards & Policy Framework

In accordance with the **Right to Education (RTE) Act**, **Samagra Shiksha Abhiyan**, and **National Education Policy (NEP 2020)**, the geospatial model implements rigorous distance thresholds for each tier:

- **Primary Tier (Grades 1–5):** 1.0 km walking radius benchmark.
- **Upper Primary Tier (Grades 6–8):** 3.0 km radius benchmark.
- **Secondary Tier (Grades 9–10):** 5.0 km catchment radius benchmark.
- **Higher Secondary Tier (Grades 11–12):** 7.0 km radius benchmark.

Tri-Pillar Spatial Allocation Strategy

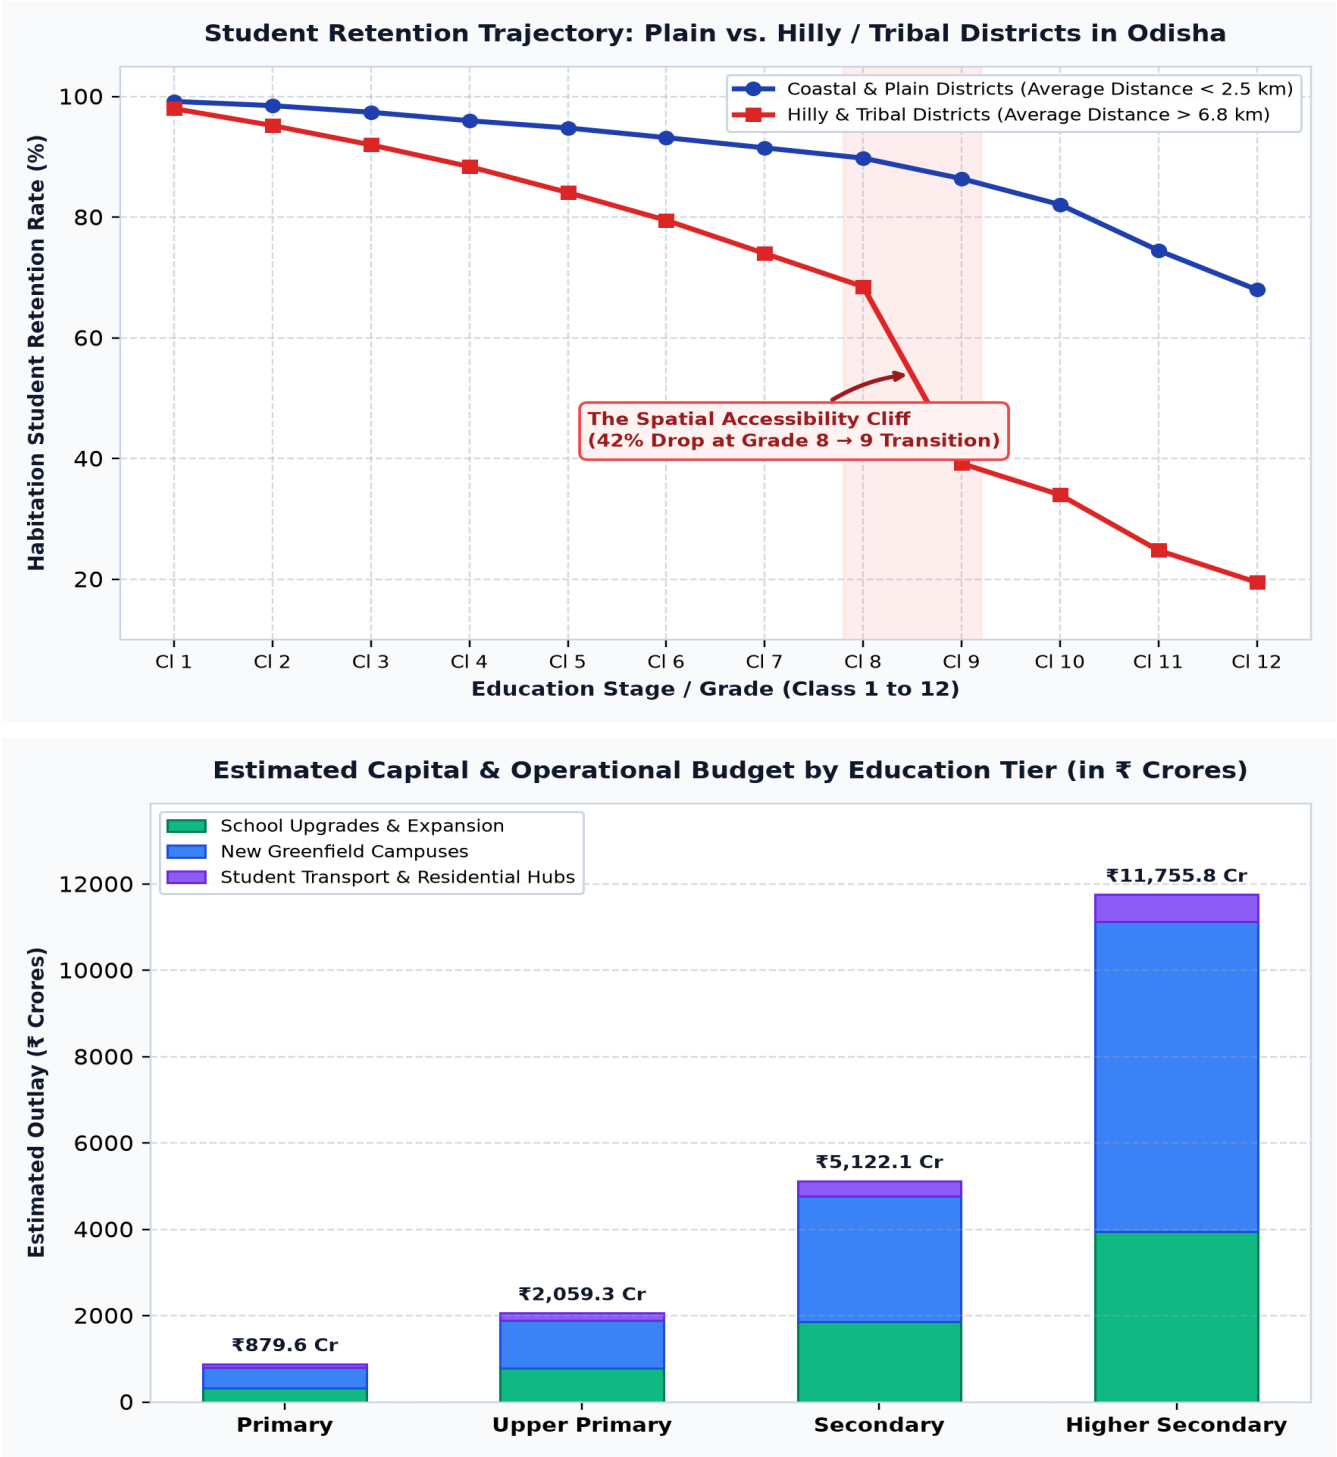

- Rather than relying on blanket or arbitrary school construction, the engine applies an optimized 3-pillar decision framework:
- 1. Infrastructure Upgrades (■85.0L per school):** Existing Upper Primary schools situated near unserved secondary clusters are expanded into integrated High Schools.
 - 2. Greenfield High School Campuses (■244.0L per school):** State-of-the-art new secondary campuses are constructed in densely populated habitations lacking nearby infrastructure.
 - 3. Transport & Residential Hostel Hubs (■30.0L per hub):** In sparse, rugged tribal topographies where daily walking is impeded by terrain and dense forests, dedicated transit networks and residential hostels are funded to ensure 100% access without redundant construction.

Statewide Financial & Physical Investment Summary

Education Tier	Distance Norm	Existing Schools	Baseline Coverage	Proposed Upgrades	Proposed New	Transport Hubs	Target Coverage	Total Est. Budget
Primary	1.0 km	37,639	74.9%	1,333	730	719	99.2%	■879.6 Cr
Upper Primary	3.0 km	13,923	67.9%	1,726	934	899	99.2%	■2,059.3 Cr
Secondary	5.0 km	6,539	59.1%	2,182	1,195	1,172	91.6%	■5,122.1 Cr
Higher Secondary	7.0 km	1,943	48.7%	2,819	1,495	1,407	81.2%	■11,755.8 Cr

5.1 District Profile: Angul

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	85.0%	79.0%	75.0%	62.0%
Proposed Upgrades	40	56	66	101
New Greenfield Campuses	15	21	25	39
Transport & Hostel Hubs	8	11	13	21
Est. Capital Outlay	■20.55 Cr	■52.38 Cr	■121.00 Cr	■338.05 Cr

Strategic Roadmap & Recommendations: Angul (Central Industrial, Vulnerability Score: 60/100) currently features a Secondary education spatial coverage of 75.0%. Given its central plateau & coal basin landscape and 14.1% tribal population, the masterplan deploys 66 Upper Primary school upgrades to High Schools, 25 state-of-the-art greenfield Secondary campuses in unserved clusters, and 13 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.7% with an estimated capital and operational outlay of ■121.0 Crores.

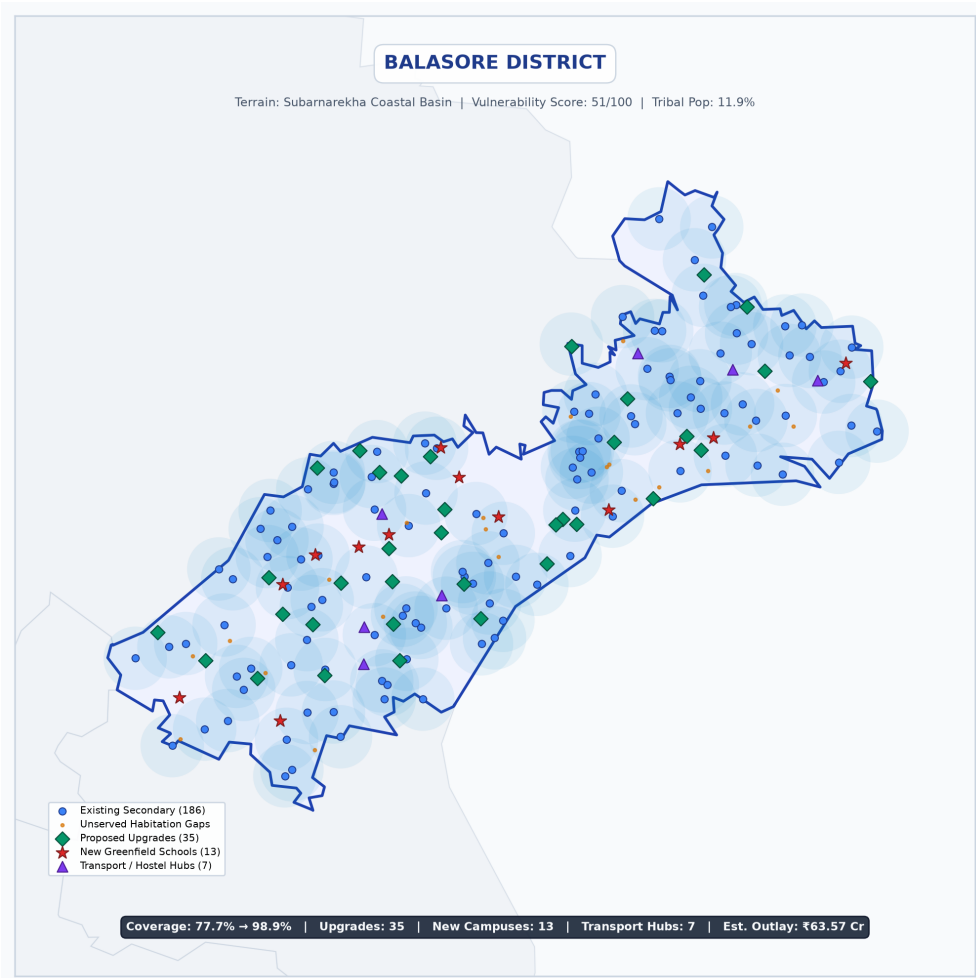

5.2 District Profile: Balangir

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	79.6%	73.6%	69.6%	56.6%
Proposed Upgrades	56	72	83	119
New Greenfield Campuses	21	28	32	46
Transport & Hostel Hubs	11	15	17	24
Est. Capital Outlay	■28.75 Cr	■68.70 Cr	■153.73 Cr	■398.20 Cr

Strategic Roadmap & Recommendations: Balangir (Western Plain, Vulnerability Score: 78/100) currently features a Secondary education spatial coverage of 69.6%. Given its semi-arid plain & residual hills landscape and 21.1% tribal population, the masterplan deploys 83 Upper Primary school upgrades to High Schools, 32 state-of-the-art greenfield Secondary campuses in unserved clusters, and 17 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.5% with an estimated capital and operational outlay of ■153.73 Crores.

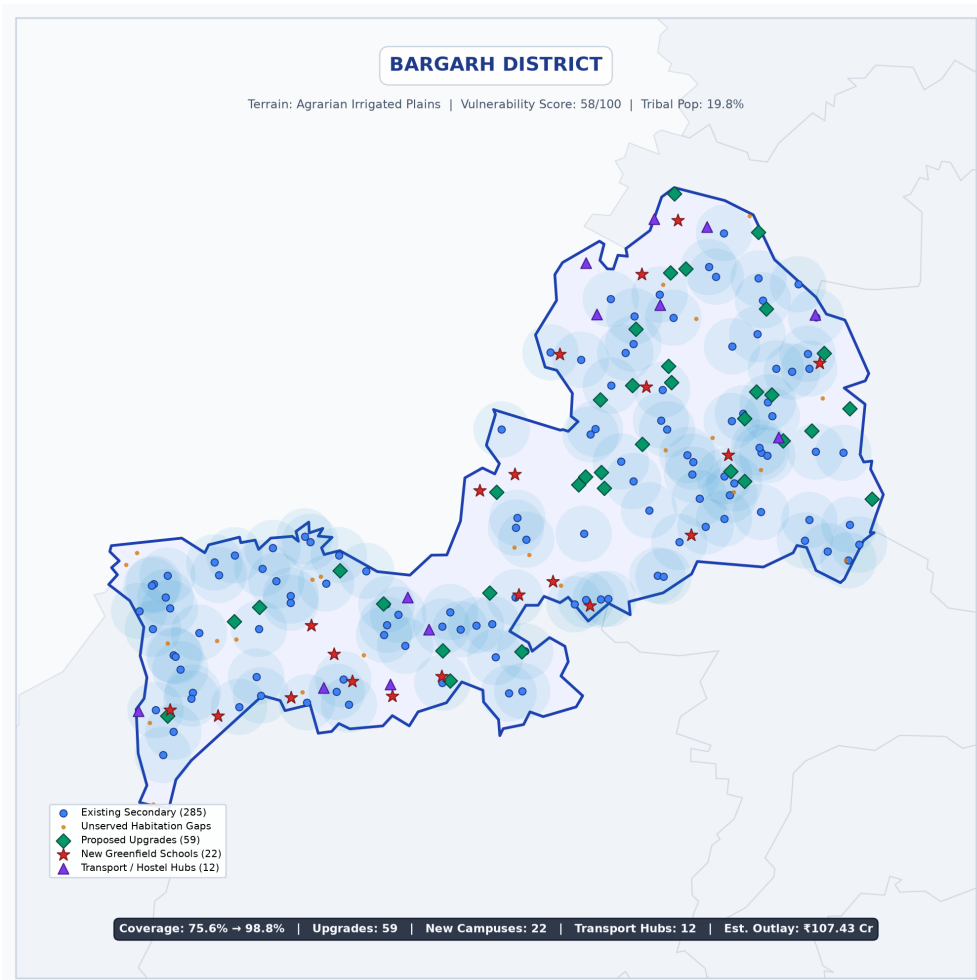

5.3 District Profile: Balasore

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	87.7%	81.7%	77.7%	64.7%
Proposed Upgrades	19	29	35	56
New Greenfield Campuses	7	11	13	21
Transport & Hostel Hubs	4	6	7	11
Est. Capital Outlay	■9.70 Cr	■27.33 Cr	■63.57 Cr	■184.15 Cr

Strategic Roadmap & Recommendations: Balasore (Coastal Plain, Vulnerability Score: 51/100) currently features a Secondary education spatial coverage of 77.7%. Given its subarnarekha coastal basin landscape and 11.9% tribal population, the masterplan deploys 35 Upper Primary school upgrades to High Schools, 13 state-of-the-art greenfield Secondary campuses in unserved clusters, and 7 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.9% with an estimated capital and operational outlay of ■63.57 Crores.

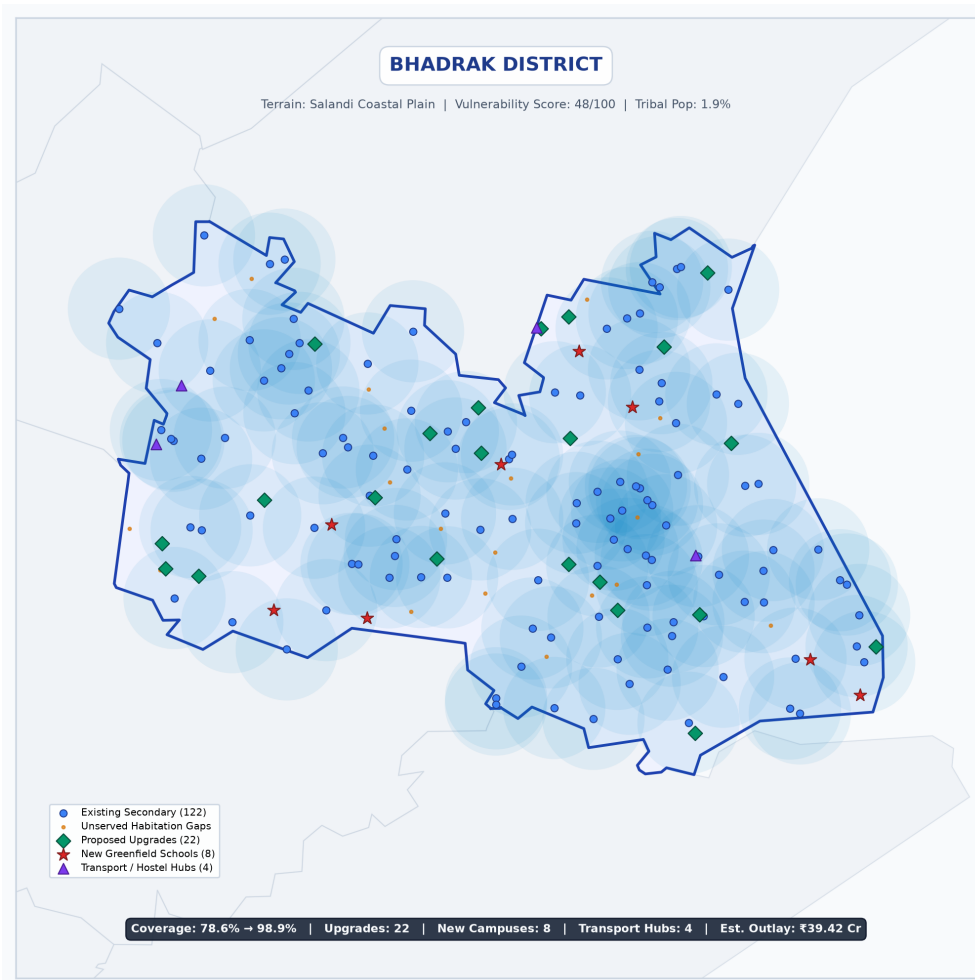

5.4 District Profile: Bargarh

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	85.6%	79.6%	75.6%	62.6%
Proposed Upgrades	35	49	59	91
New Greenfield Campuses	13	19	22	35
Transport & Hostel Hubs	7	10	12	19
Est. Capital Outlay	■17.90 Cr	■46.65 Cr	■107.43 Cr	■303.95 Cr

Strategic Roadmap & Recommendations: Bargarh (Western Plain, Vulnerability Score: 58/100) currently features a Secondary education spatial coverage of 75.6%. Given its agrarian irrigated plains landscape and 19.8% tribal population, the masterplan deploys 59 Upper Primary school upgrades to High Schools, 22 state-of-the-art greenfield Secondary campuses in unserved clusters, and 12 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.8% with an estimated capital and operational outlay of ■107.43 Crores.

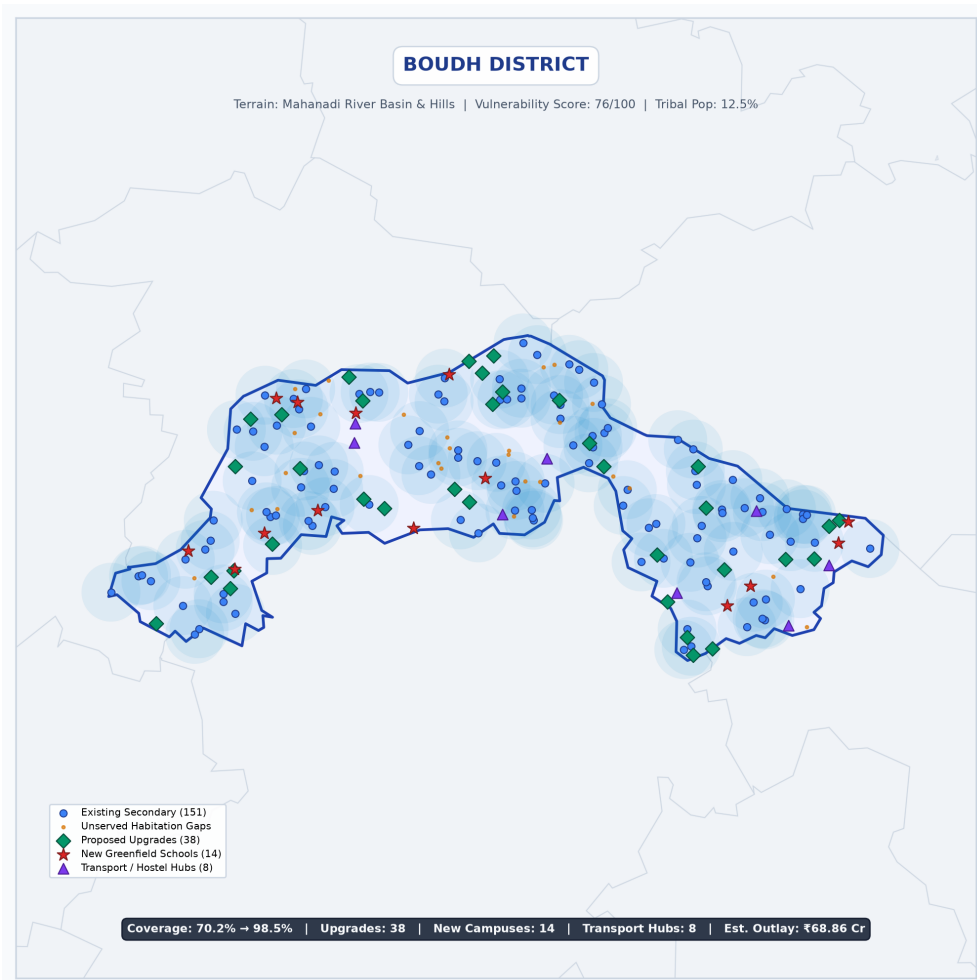

5.5 District Profile: Bhadrak

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	88.6%	82.6%	78.6%	65.6%
Proposed Upgrades	11	18	22	36
New Greenfield Campuses	4	7	8	13
Transport & Hostel Hubs	2	3	4	7
Est. Capital Outlay	■5.55 Cr	■17.04 Cr	■39.42 Cr	■115.95 Cr

Strategic Roadmap & Recommendations: Bhadrak (Coastal Plain, Vulnerability Score: 48/100) currently features a Secondary education spatial coverage of 78.6%. Given its salandi coastal plain landscape and 1.9% tribal population, the masterplan deploys 22 Upper Primary school upgrades to High Schools, 8 state-of-the-art greenfield Secondary campuses in unserved clusters, and 4 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.9% with an estimated capital and operational outlay of ■39.42 Crores.

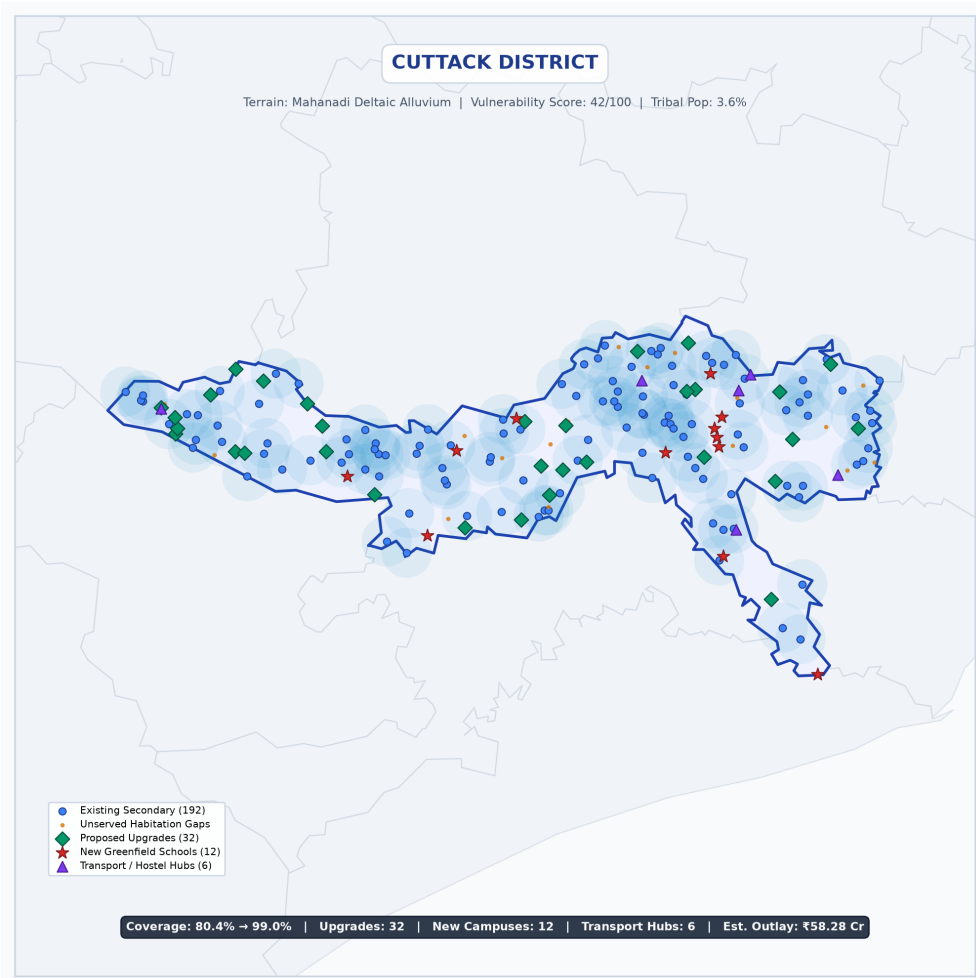

5.6 District Profile: Boudh

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	80.2%	74.2%	70.2%	57.2%
Proposed Upgrades	25	33	38	55
New Greenfield Campuses	9	12	14	21
Transport & Hostel Hubs	5	6	8	11
Est. Capital Outlay	■12.60 Cr	■30.33 Cr	■68.86 Cr	■182.75 Cr

Strategic Roadmap & Recommendations: Boudh (Central Riverine, Vulnerability Score: 76/100) currently features a Secondary education spatial coverage of 70.2%. Given its mahanadi river basin & hills landscape and 12.5% tribal population, the masterplan deploys 38 Upper Primary school upgrades to High Schools, 14 state-of-the-art greenfield Secondary campuses in unserved clusters, and 8 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.5% with an estimated capital and operational outlay of ■68.86 Crores.

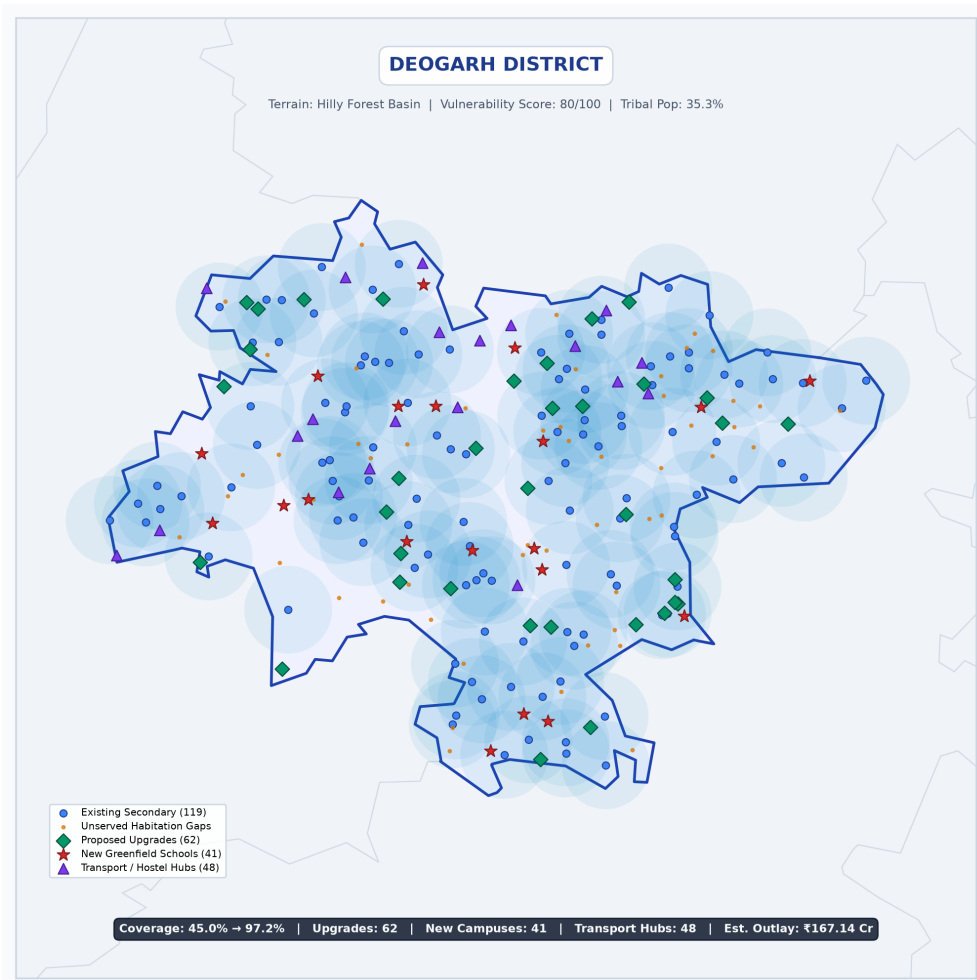

5.7 District Profile: Cuttack

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	90.4%	84.4%	80.4%	67.4%
Proposed Upgrades	15	25	32	53
New Greenfield Campuses	6	9	12	20
Transport & Hostel Hubs	3	5	6	11
Est. Capital Outlay	■7.95 Cr	■22.95 Cr	■58.28 Cr	■175.15 Cr

Strategic Roadmap & Recommendations: Cuttack (Delta / Urban, Vulnerability Score: 42/100) currently features a Secondary education spatial coverage of 80.4%. Given its mahanadi deltaic alluvium landscape and 3.6% tribal population, the masterplan deploys 32 Upper Primary school upgrades to High Schools, 12 state-of-the-art greenfield Secondary campuses in unserved clusters, and 6 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 99.0% with an estimated capital and operational outlay of ■58.28 Crores.

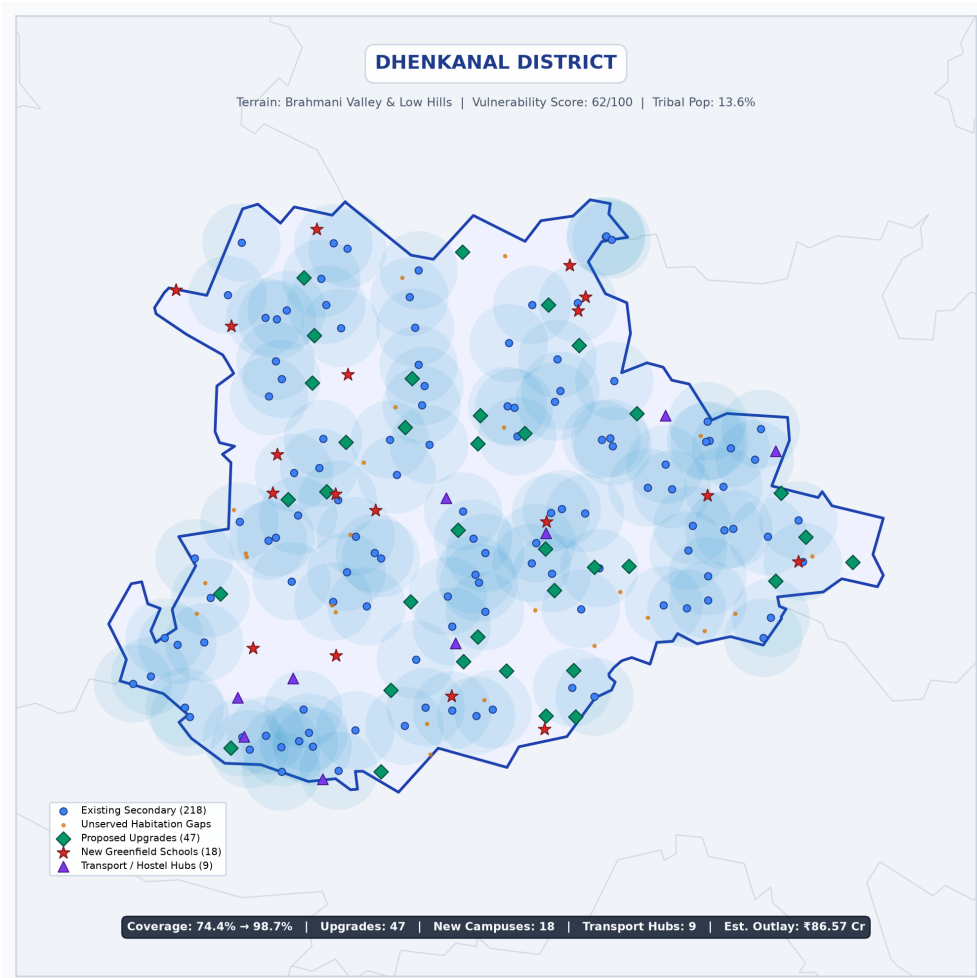

5.8 District Profile: Deogarh

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	67.0%	59.0%	45.0%	35.0%
Proposed Upgrades	37	46	62	73
New Greenfield Campuses	25	31	41	49
Transport & Hostel Hubs	29	36	48	57
Est. Capital Outlay	■28.40 Cr	■64.38 Cr	■167.14 Cr	■363.05 Cr

Strategic Roadmap & Recommendations: Deogarh (Northern Hilly, Vulnerability Score: 80/100) currently features a Secondary education spatial coverage of 45.0%. Given its hilly forest basin landscape and 35.3% tribal population, the masterplan deploys 62 Upper Primary school upgrades to High Schools, 41 state-of-the-art greenfield Secondary campuses in unserved clusters, and 48 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.2% with an estimated capital and operational outlay of ■167.14 Crores.

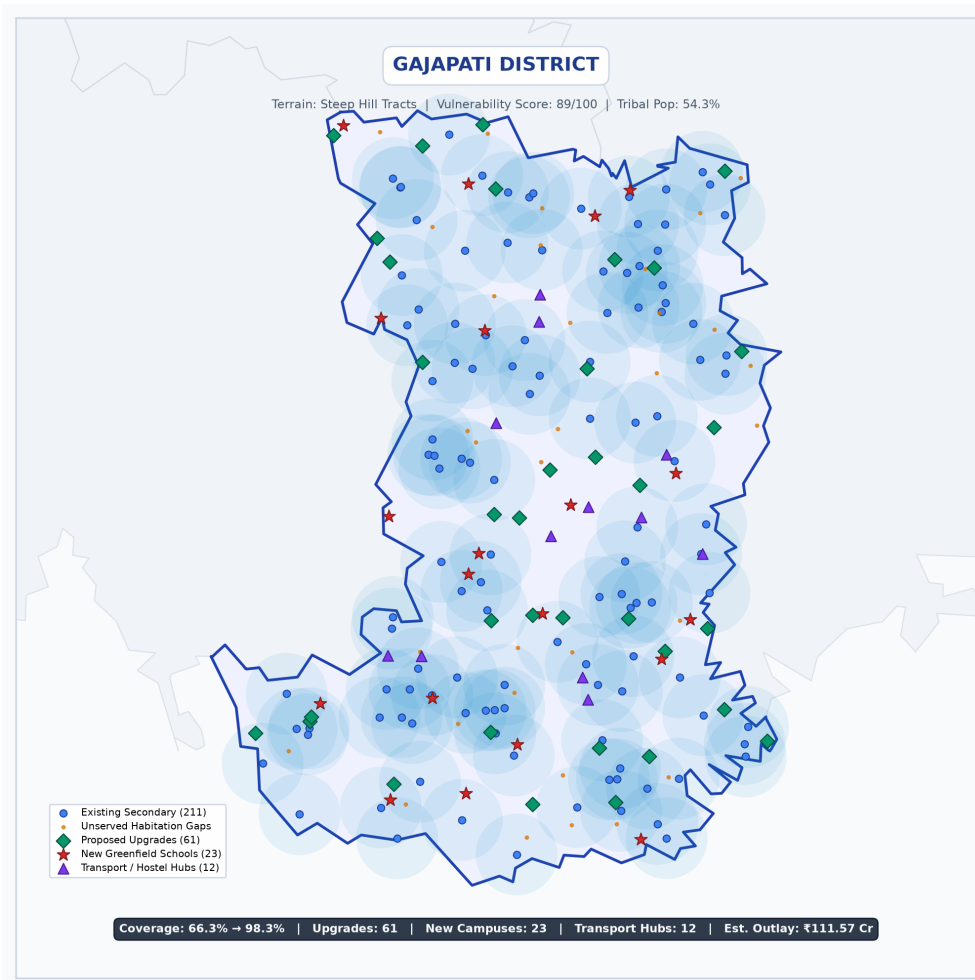

5.9 District Profile: Dhenkanal

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	84.4%	78.4%	74.4%	61.4%
Proposed Upgrades	29	40	47	72
New Greenfield Campuses	11	15	18	27
Transport & Hostel Hubs	6	8	9	15
Est. Capital Outlay	■15.00 Cr	■37.44 Cr	■86.57 Cr	■237.15 Cr

Strategic Roadmap & Recommendations: Dhenkanal (Central Plain, Vulnerability Score: 62/100) currently features a Secondary education spatial coverage of 74.4%. Given its brahmani valley & low hills landscape and 13.6% tribal population, the masterplan deploys 47 Upper Primary school upgrades to High Schools, 18 state-of-the-art greenfield Secondary campuses in unserved clusters, and 9 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.7% with an estimated capital and operational outlay of ■86.57 Crores.

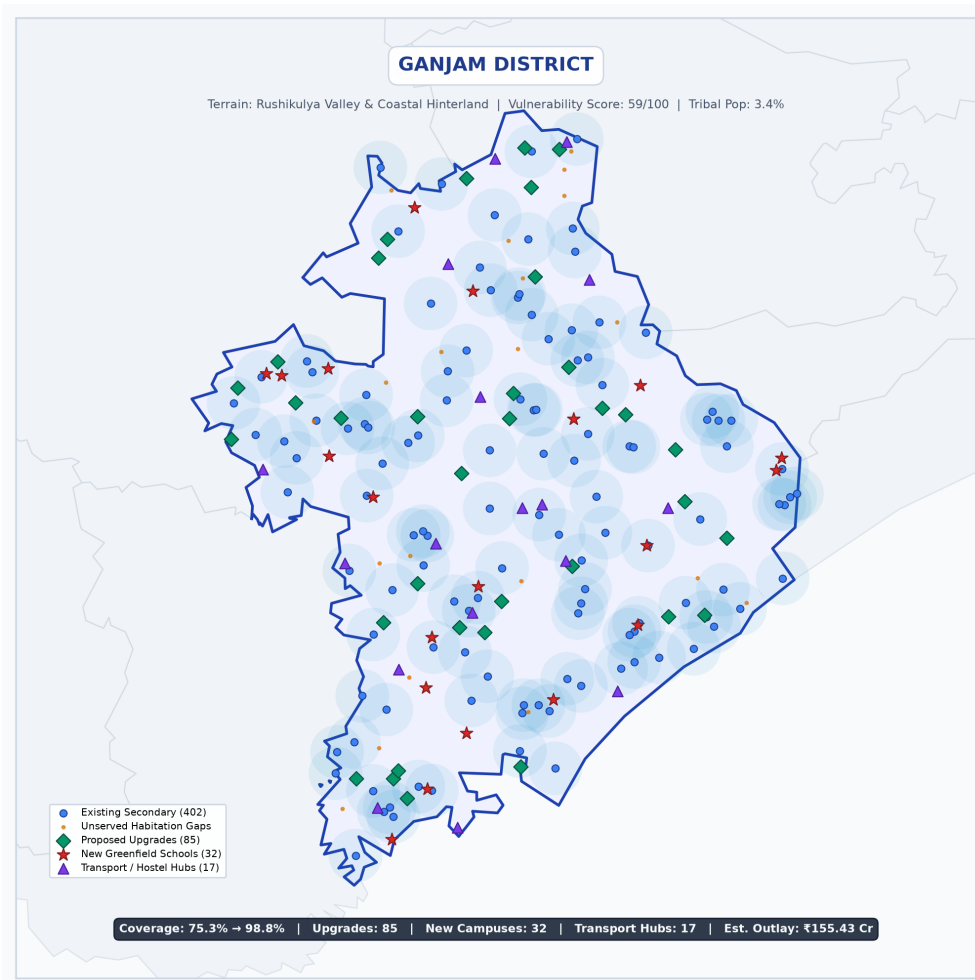

5.10 District Profile: Gajapati

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	76.3%	70.3%	66.3%	53.3%
Proposed Upgrades	42	53	61	84
New Greenfield Campuses	16	20	23	32
Transport & Hostel Hubs	8	11	12	17
Est. Capital Outlay	■21.70 Cr	■49.83 Cr	■111.57 Cr	■278.85 Cr

Strategic Roadmap & Recommendations: Gajapati (Tribal / Hilly, Vulnerability Score: 89/100) currently features a Secondary education spatial coverage of 66.3%. Given its steep hill tracts landscape and 54.3% tribal population, the masterplan deploys 61 Upper Primary school upgrades to High Schools, 23 state-of-the-art greenfield Secondary campuses in unserved clusters, and 12 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.3% with an estimated capital and operational outlay of ■111.57 Crores.

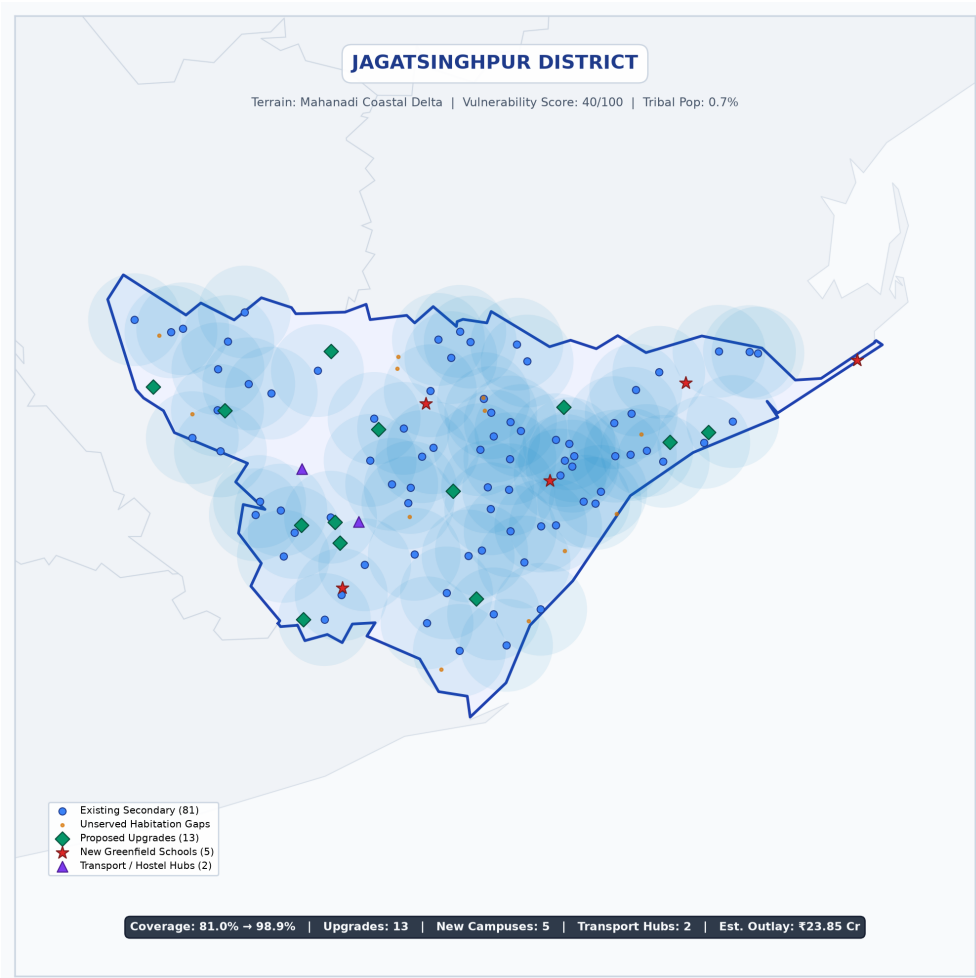

5.11 District Profile: Ganjam

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	85.3%	79.3%	75.3%	62.3%
Proposed Upgrades	50	71	85	129
New Greenfield Campuses	19	27	32	49
Transport & Hostel Hubs	10	14	17	27
Est. Capital Outlay	■25.85 Cr	■66.87 Cr	■155.43 Cr	■427.95 Cr

Strategic Roadmap & Recommendations: Ganjam (Southern Coastal, Vulnerability Score: 59/100) currently features a Secondary education spatial coverage of 75.3%. Given its rushikulya valley & coastal hinterland landscape and 3.4% tribal population, the masterplan deploys 85 Upper Primary school upgrades to High Schools, 32 state-of-the-art greenfield Secondary campuses in unserved clusters, and 17 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.8% with an estimated capital and operational outlay of ■155.43 Crores.

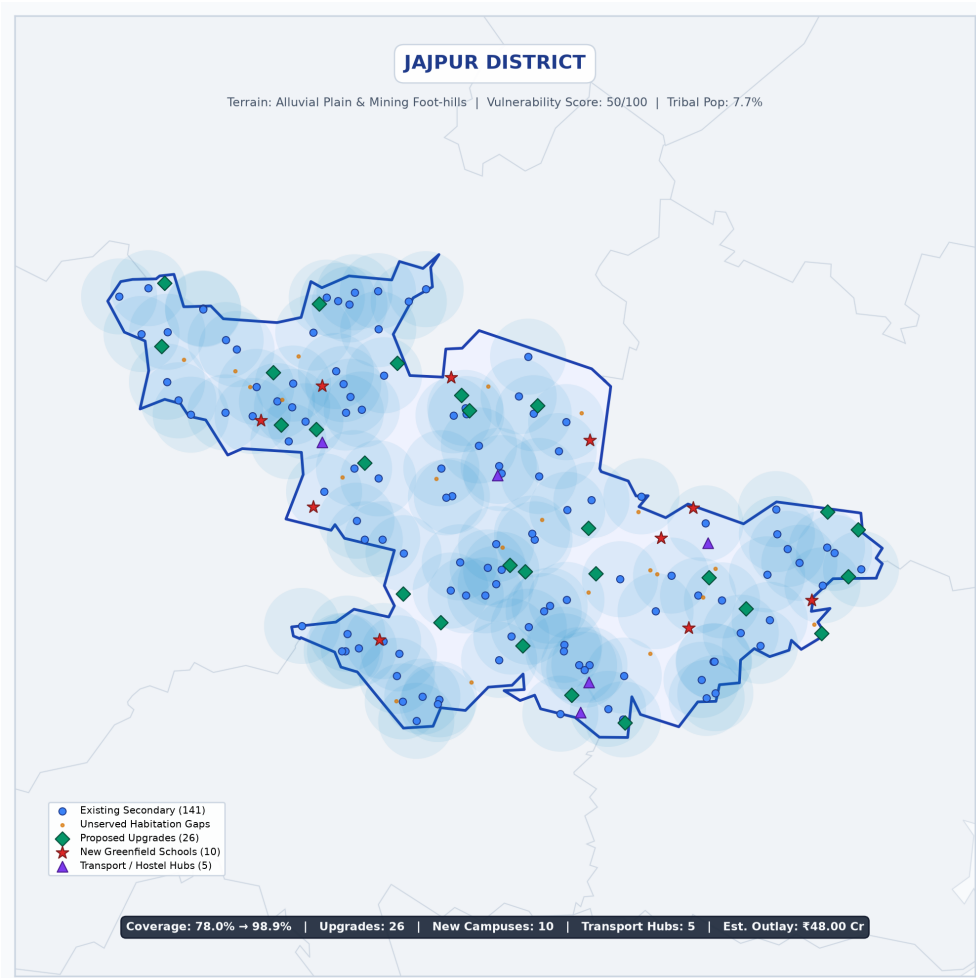

5.12 District Profile: Jagatsinghpur

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	91.0%	85.0%	81.0%	68.0%
Proposed Upgrades	6	10	13	22
New Greenfield Campuses	2	4	5	8
Transport & Hostel Hubs	1	2	2	4
Est. Capital Outlay	■2.90 Cr	■9.66 Cr	■23.85 Cr	■71.00 Cr

Strategic Roadmap & Recommendations: Jagatsinghpur (Coastal Plain, Vulnerability Score: 40/100) currently features a Secondary education spatial coverage of 81.0%. Given its mahanadi coastal delta landscape and 0.7% tribal population, the masterplan deploys 13 Upper Primary school upgrades to High Schools, 5 state-of-the-art greenfield Secondary campuses in unserved clusters, and 2 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.9% with an estimated capital and operational outlay of ■23.85 Crores.

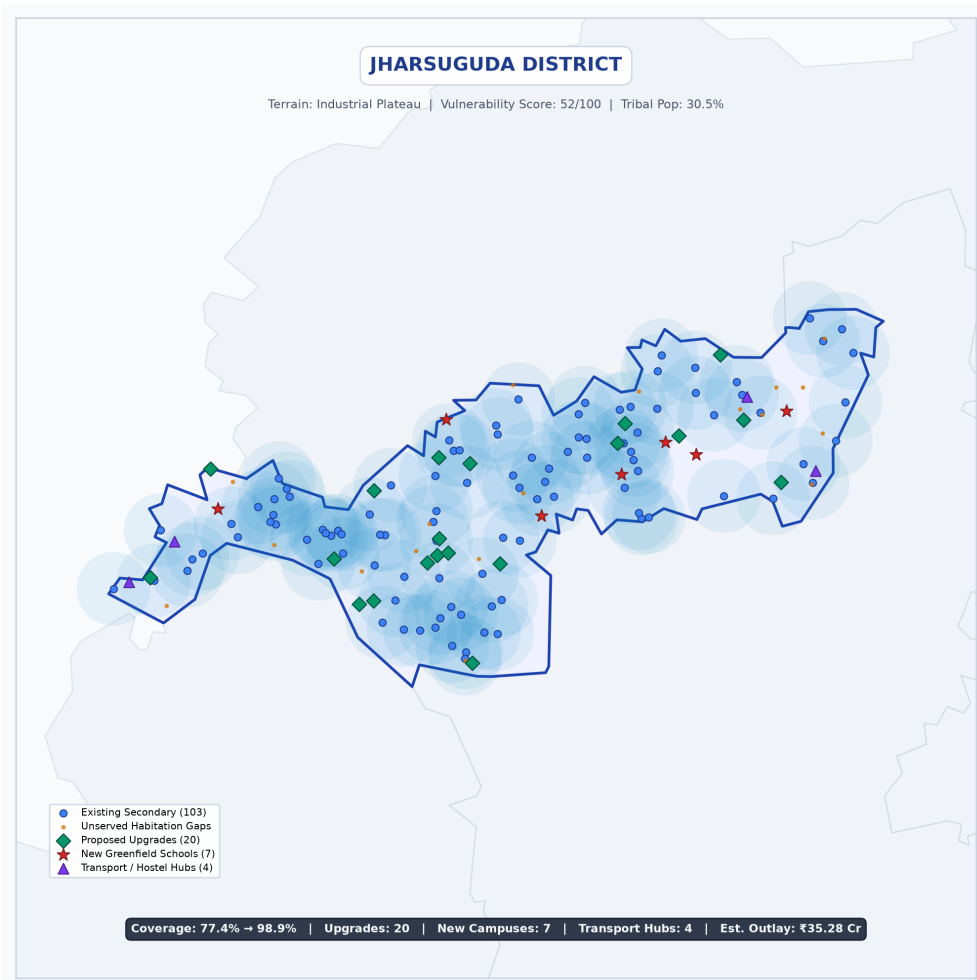

5.13 District Profile: Jajpur

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	88.0%	82.0%	78.0%	65.0%
Proposed Upgrades	14	21	26	42
New Greenfield Campuses	5	8	10	16
Transport & Hostel Hubs	3	4	5	8
Est. Capital Outlay	■7.05 Cr	■19.77 Cr	■48.00 Cr	■139.20 Cr

Strategic Roadmap & Recommendations: Jajpur (Coastal Industrial, Vulnerability Score: 50/100) currently features a Secondary education spatial coverage of 78.0%. Given its alluvial plain & mining foot-hills landscape and 7.7% tribal population, the masterplan deploys 26 Upper Primary school upgrades to High Schools, 10 state-of-the-art greenfield Secondary campuses in unserved clusters, and 5 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.9% with an estimated capital and operational outlay of ■48.0 Crores.

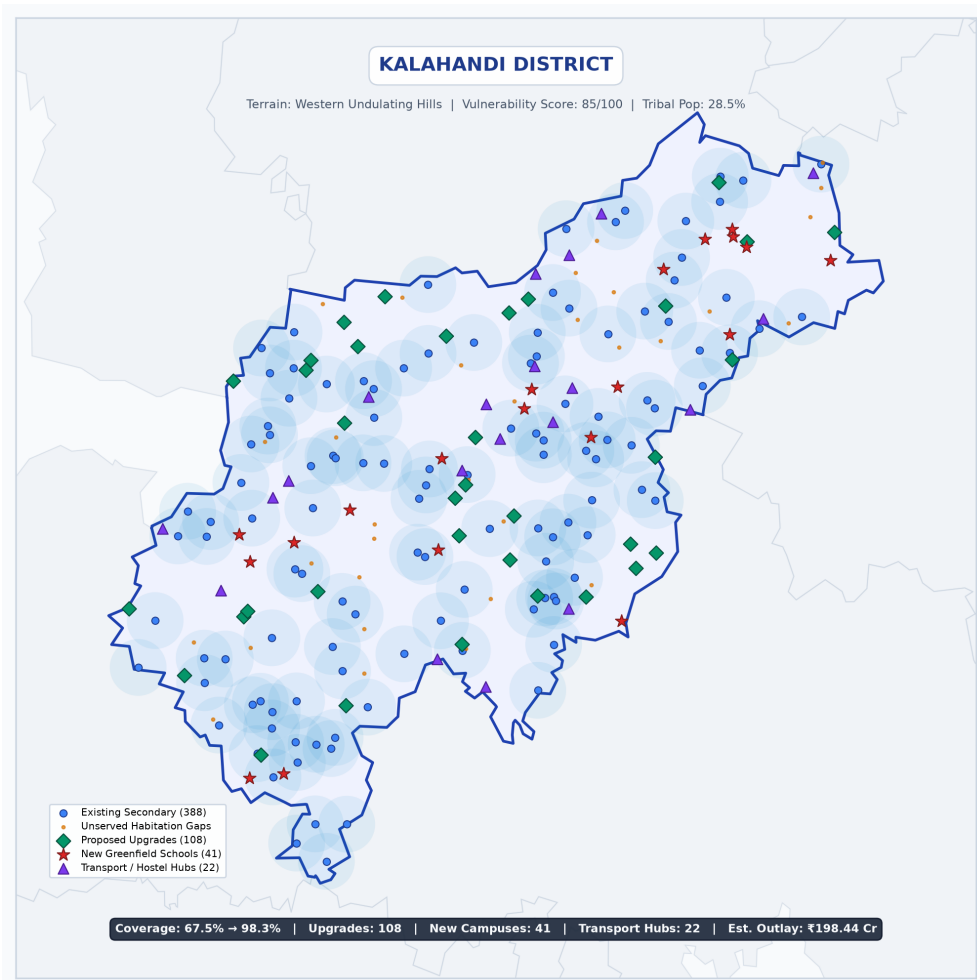

5.14 District Profile: Jharsuguda

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	87.4%	81.4%	77.4%	64.4%
Proposed Upgrades	11	16	20	31
New Greenfield Campuses	4	6	7	12
Transport & Hostel Hubs	2	3	4	6
Est. Capital Outlay	■5.55 Cr	■14.94 Cr	■35.28 Cr	■103.70 Cr

Strategic Roadmap & Recommendations: Jharsuguda (Western Industrial, Vulnerability Score: 52/100) currently features a Secondary education spatial coverage of 77.4%. Given its industrial plateau landscape and 30.5% tribal population, the masterplan deploys 20 Upper Primary school upgrades to High Schools, 7 state-of-the-art greenfield Secondary campuses in unserved clusters, and 4 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.9% with an estimated capital and operational outlay of ■35.28 Crores.

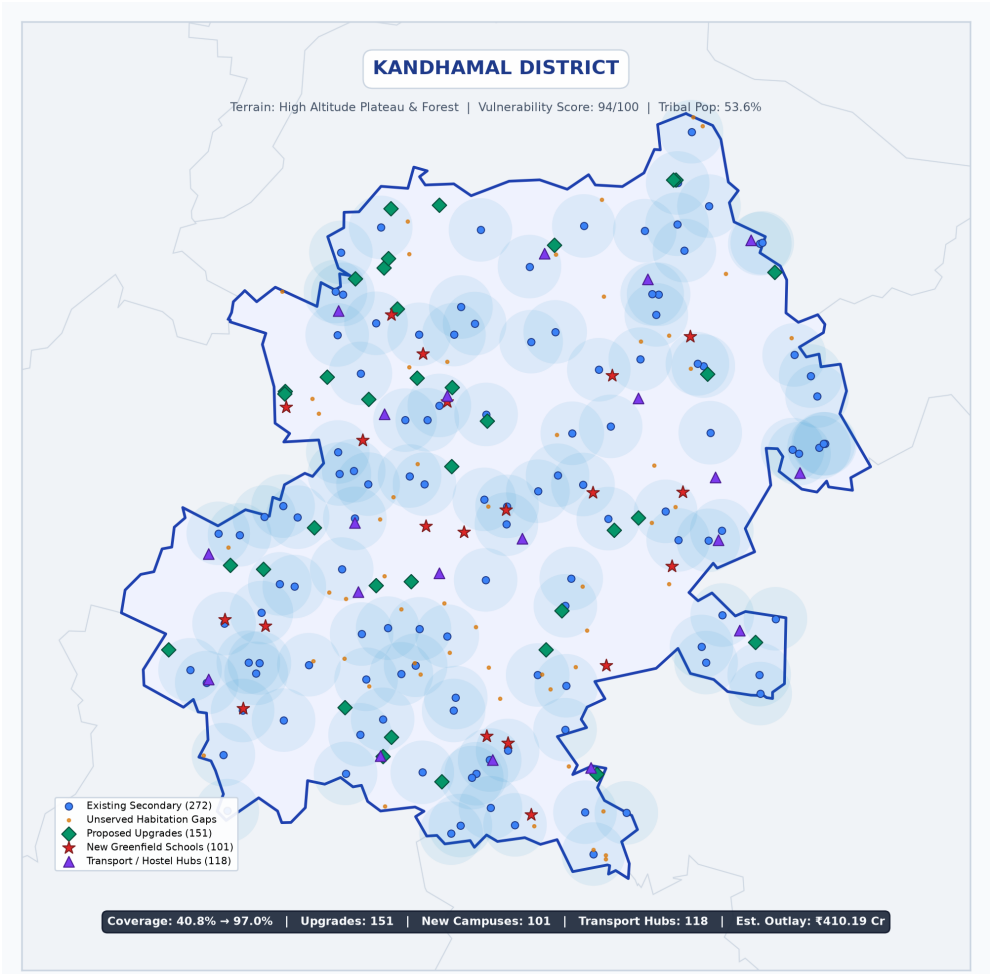

5.15 District Profile: Kalahandi

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	77.5%	71.5%	67.5%	54.5%
Proposed Upgrades	74	94	108	151
New Greenfield Campuses	28	36	41	58
Transport & Hostel Hubs	15	19	22	31
Est. Capital Outlay	■38.20 Cr	■88.92 Cr	■198.44 Cr	■503.75 Cr

Strategic Roadmap & Recommendations: Kalahandi (Drought-prone / Tribal, Vulnerability Score: 85/100) currently features a Secondary education spatial coverage of 67.5%. Given its western undulating hills landscape and 28.5% tribal population, the masterplan deploys 108 Upper Primary school upgrades to High Schools, 41 state-of-the-art greenfield Secondary campuses in unserved clusters, and 22 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.3% with an estimated capital and operational outlay of ■198.44 Crores.

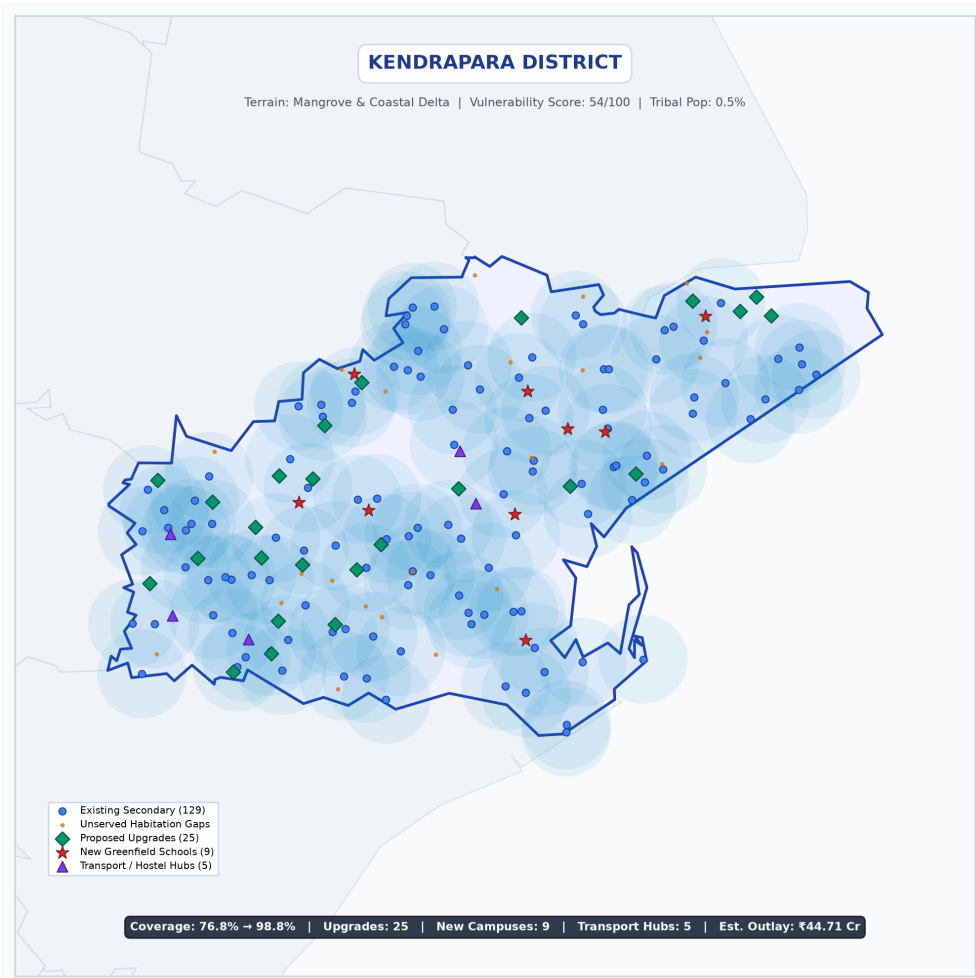

5.16 District Profile: Kandhamal

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	62.8%	54.8%	40.8%	35.0%
Proposed Upgrades	95	115	151	166
New Greenfield Campuses	64	77	101	112
Transport & Hostel Hubs	74	90	118	130
Est. Capital Outlay	■72.75 Cr	■160.35 Cr	■410.19 Cr	■828.50 Cr

Strategic Roadmap & Recommendations: Kandhamal (Tribal / Hilly, Vulnerability Score: 94/100) currently features a Secondary education spatial coverage of 40.8%. Given its high altitude plateau & forest landscape and 53.6% tribal population, the masterplan deploys 151 Upper Primary school upgrades to High Schools, 101 state-of-the-art greenfield Secondary campuses in unserved clusters, and 118 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.0% with an estimated capital and operational outlay of ■410.19 Crores.

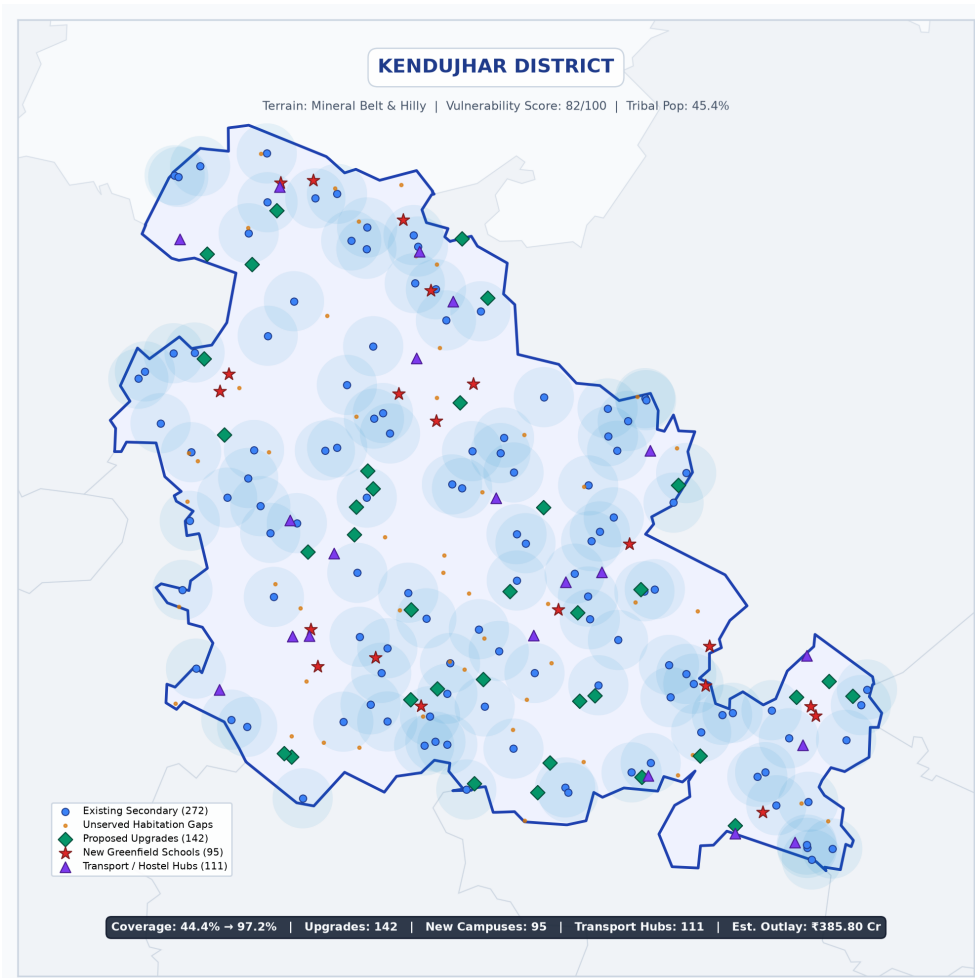

5.17 District Profile: Kendrapara

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	86.8%	80.8%	76.8%	63.8%
Proposed Upgrades	14	21	25	40
New Greenfield Campuses	5	8	9	15
Transport & Hostel Hubs	3	4	5	8
Est. Capital Outlay	■7.05 Cr	■19.77 Cr	■44.71 Cr	■131.60 Cr

Strategic Roadmap & Recommendations: Kendrapara (Coastal Wetland, Vulnerability Score: 54/100) currently features a Secondary education spatial coverage of 76.8%. Given its mangrove & coastal delta landscape and 0.5% tribal population, the masterplan deploys 25 Upper Primary school upgrades to High Schools, 9 state-of-the-art greenfield Secondary campuses in unserved clusters, and 5 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.8% with an estimated capital and operational outlay of ■44.71 Crores.

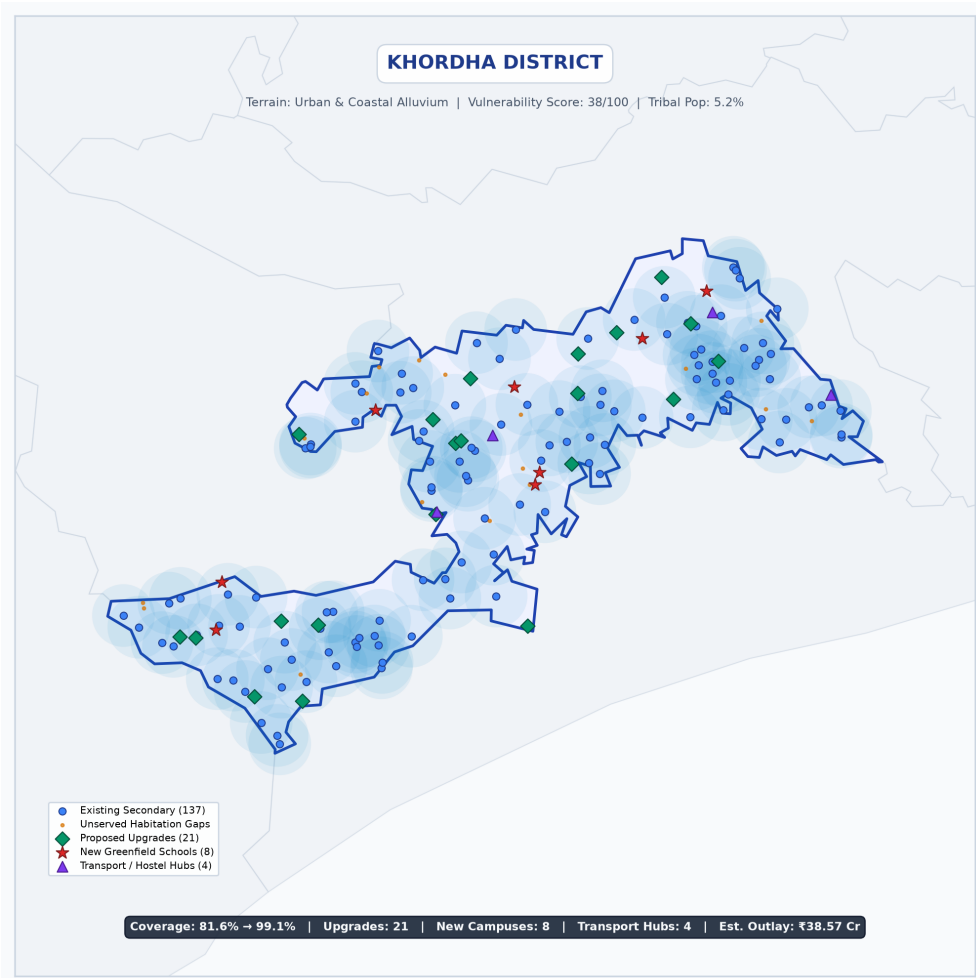

5.18 District Profile: Kendujhar

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	66.4%	58.4%	44.4%	35.0%
Proposed Upgrades	86	106	142	166
New Greenfield Campuses	57	71	95	112
Transport & Hostel Hubs	67	83	111	130
Est. Capital Outlay	■65.25 Cr	■147.84 Cr	■385.80 Cr	■828.50 Cr

Strategic Roadmap & Recommendations: Kendujhar (Tribal / Mining, Vulnerability Score: 82/100) currently features a Secondary education spatial coverage of 44.4%. Given its mineral belt & hilly landscape and 45.4% tribal population, the masterplan deploys 142 Upper Primary school upgrades to High Schools, 95 state-of-the-art greenfield Secondary campuses in unserved clusters, and 111 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.2% with an estimated capital and operational outlay of ■385.8 Crores.

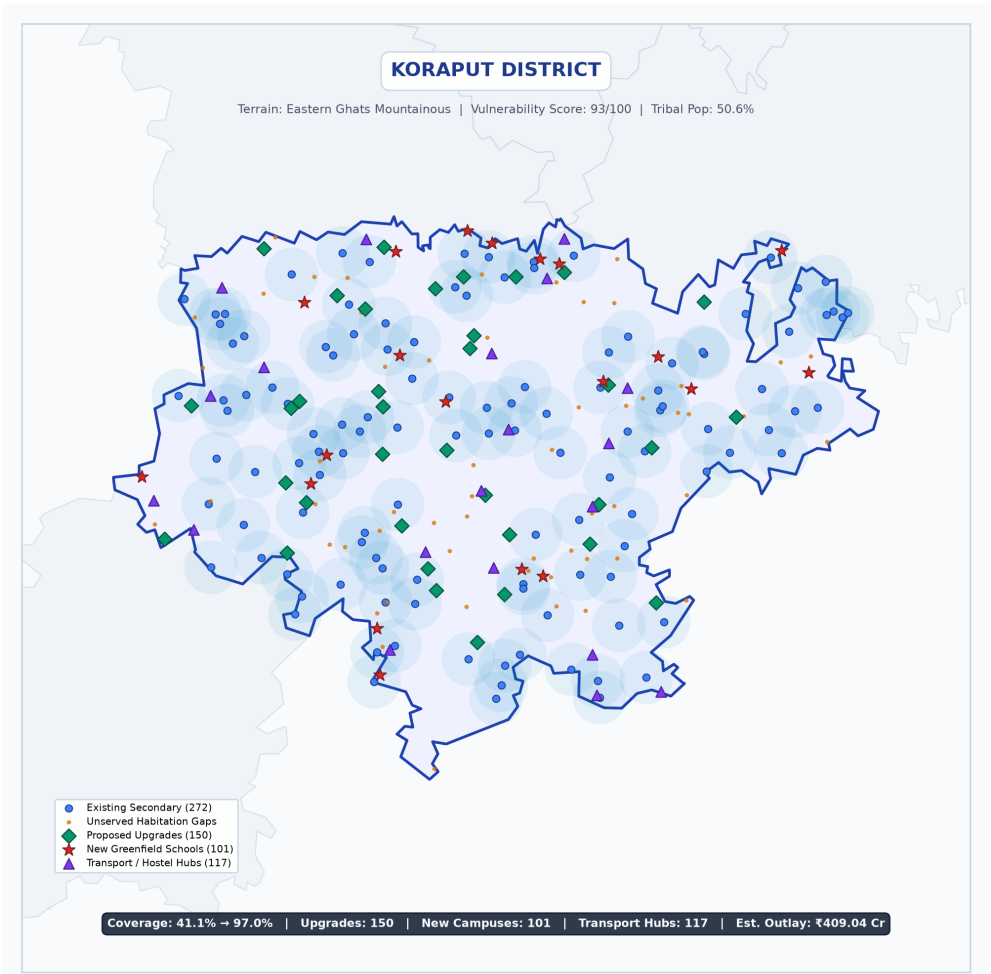

5.19 District Profile: Khordha

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	91.6%	85.6%	81.6%	68.6%
Proposed Upgrades	9	16	21	36
New Greenfield Campuses	3	6	8	14
Transport & Hostel Hubs	2	3	4	7
Est. Capital Outlay	■4.40 Cr	■14.94 Cr	■38.57 Cr	■120.75 Cr

Strategic Roadmap & Recommendations: Khordha (Urban / Capital Region, Vulnerability Score: 38/100) currently features a Secondary education spatial coverage of 81.6%. Given its urban & coastal alluvium landscape and 5.2% tribal population, the masterplan deploys 21 Upper Primary school upgrades to High Schools, 8 state-of-the-art greenfield Secondary campuses in unserved clusters, and 4 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 99.1% with an estimated capital and operational outlay of ■38.57 Crores.

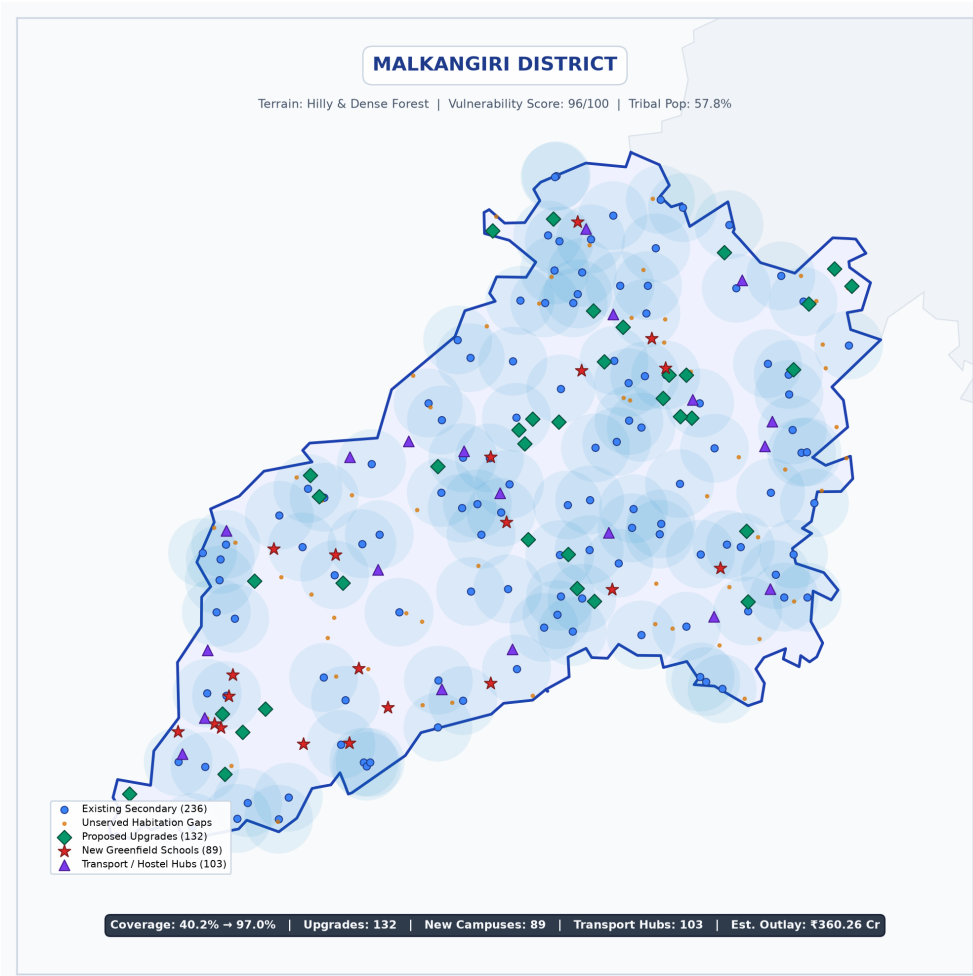

5.20 District Profile: Koraput

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	63.1%	55.1%	41.1%	35.0%
Proposed Upgrades	94	114	150	166
New Greenfield Campuses	63	77	101	112
Transport & Hostel Hubs	73	89	117	130
Est. Capital Outlay	■71.75 Cr	■159.72 Cr	■409.04 Cr	■828.50 Cr

Strategic Roadmap & Recommendations: Koraput (Tribal / Hilly, Vulnerability Score: 93/100) currently features a Secondary education spatial coverage of 41.1%. Given its eastern ghats mountainous landscape and 50.6% tribal population, the masterplan deploys 150 Upper Primary school upgrades to High Schools, 101 state-of-the-art greenfield Secondary campuses in unserved clusters, and 117 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.0% with an estimated capital and operational outlay of ■409.04 Crores.

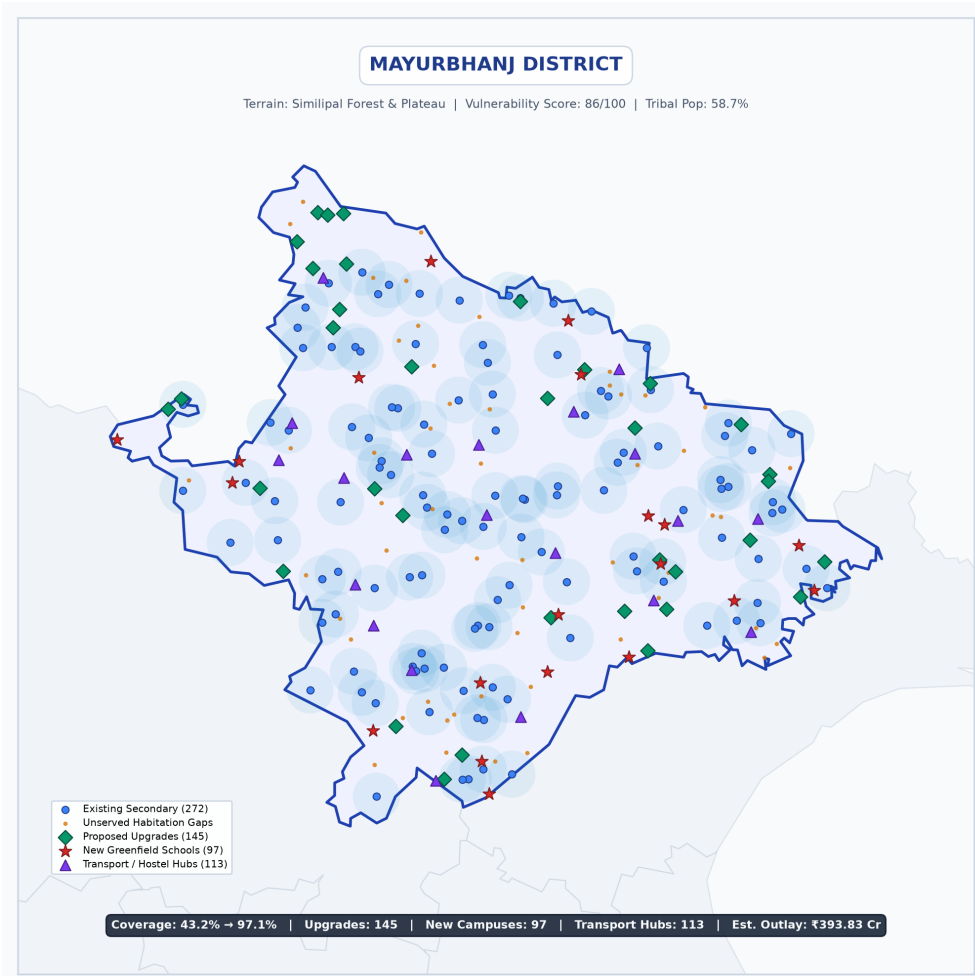

5.21 District Profile: Malkangiri

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	62.2%	54.2%	40.2%	35.0%
Proposed Upgrades	84	101	132	144
New Greenfield Campuses	56	68	89	97
Transport & Hostel Hubs	65	79	103	112
Est. Capital Outlay	■63.90 Cr	■141.27 Cr	■360.26 Cr	■717.60 Cr

Strategic Roadmap & Recommendations: Malkangiri (Tribal / Remote, Vulnerability Score: 96/100) currently features a Secondary education spatial coverage of 40.2%. Given its hilly & dense forest landscape and 57.8% tribal population, the masterplan deploys 132 Upper Primary school upgrades to High Schools, 89 state-of-the-art greenfield Secondary campuses in unserved clusters, and 103 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.0% with an estimated capital and operational outlay of ■360.26 Crores.

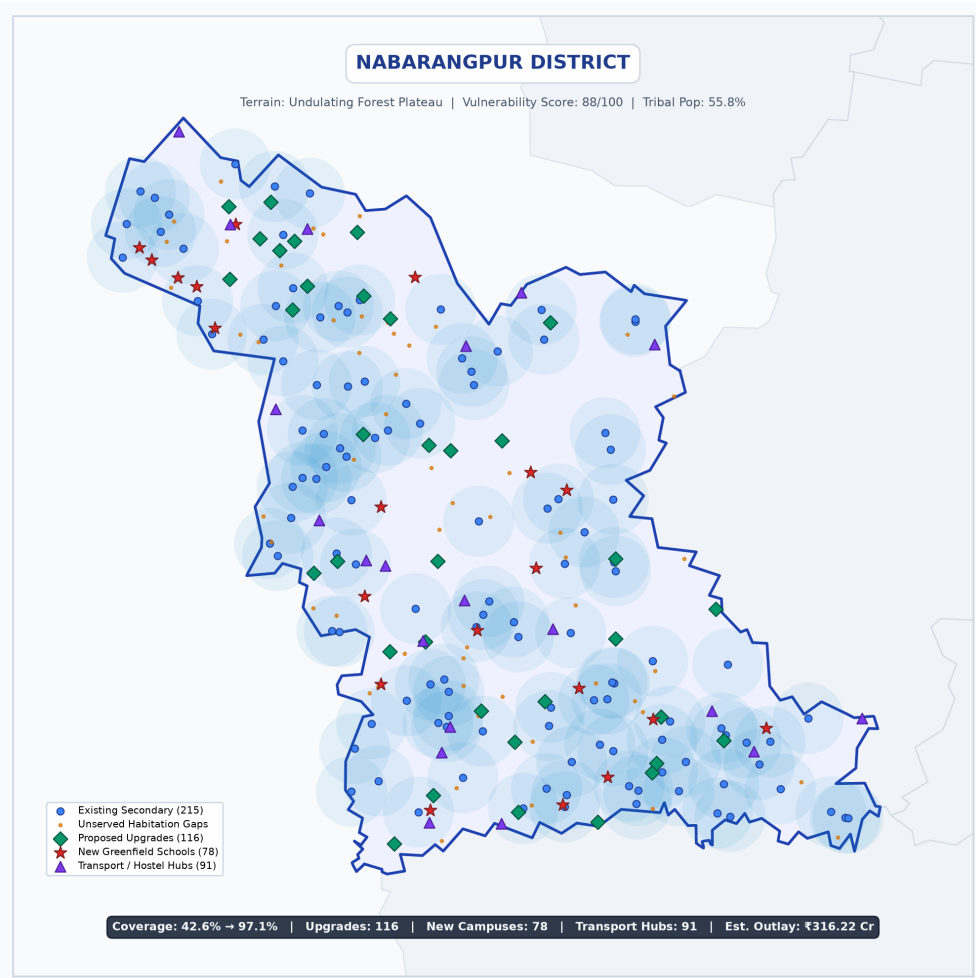

5.22 District Profile: Mayurbhanj

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	65.2%	57.2%	43.2%	35.0%
Proposed Upgrades	89	109	145	166
New Greenfield Campuses	59	73	97	112
Transport & Hostel Hubs	69	85	113	130
Est. Capital Outlay	■67.50 Cr	■151.95 Cr	■393.83 Cr	■828.50 Cr

Strategic Roadmap & Recommendations: Mayurbhanj (Tribal / Forest, Vulnerability Score: 86/100) currently features a Secondary education spatial coverage of 43.2%. Given its similipal forest & plateau landscape and 58.7% tribal population, the masterplan deploys 145 Upper Primary school upgrades to High Schools, 97 state-of-the-art greenfield Secondary campuses in unserved clusters, and 113 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.1% with an estimated capital and operational outlay of ■393.83 Crores.

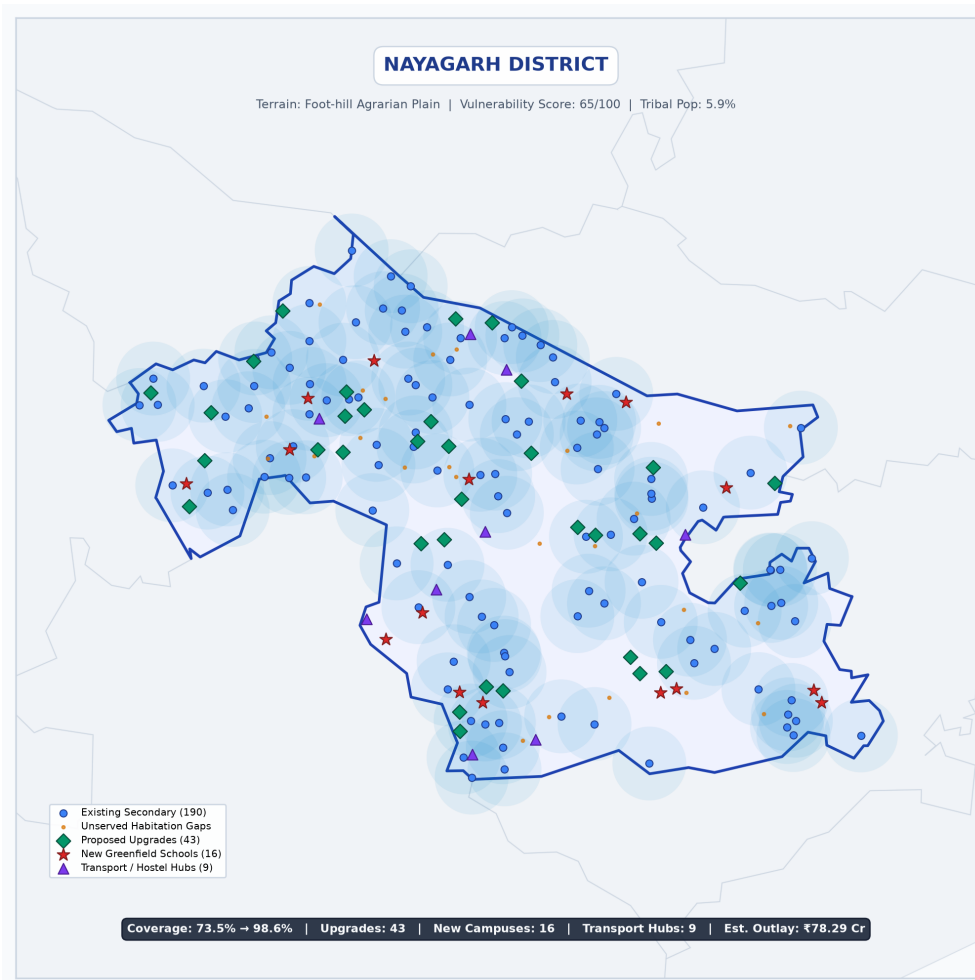

5.23 District Profile: Nabarangpur

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	64.6%	56.6%	42.6%	35.0%
Proposed Upgrades	71	88	116	132
New Greenfield Campuses	48	59	78	88
Transport & Hostel Hubs	56	68	91	103
Est. Capital Outlay	■54.55 Cr	■122.64 Cr	■316.22 Cr	■653.55 Cr

Strategic Roadmap & Recommendations: Nabarangpur (Tribal / Plateau, Vulnerability Score: 88/100) currently features a Secondary education spatial coverage of 42.6%. Given its undulating forest plateau landscape and 55.8% tribal population, the masterplan deploys 116 Upper Primary school upgrades to High Schools, 78 state-of-the-art greenfield Secondary campuses in unserved clusters, and 91 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.1% with an estimated capital and operational outlay of ■316.22 Crores.

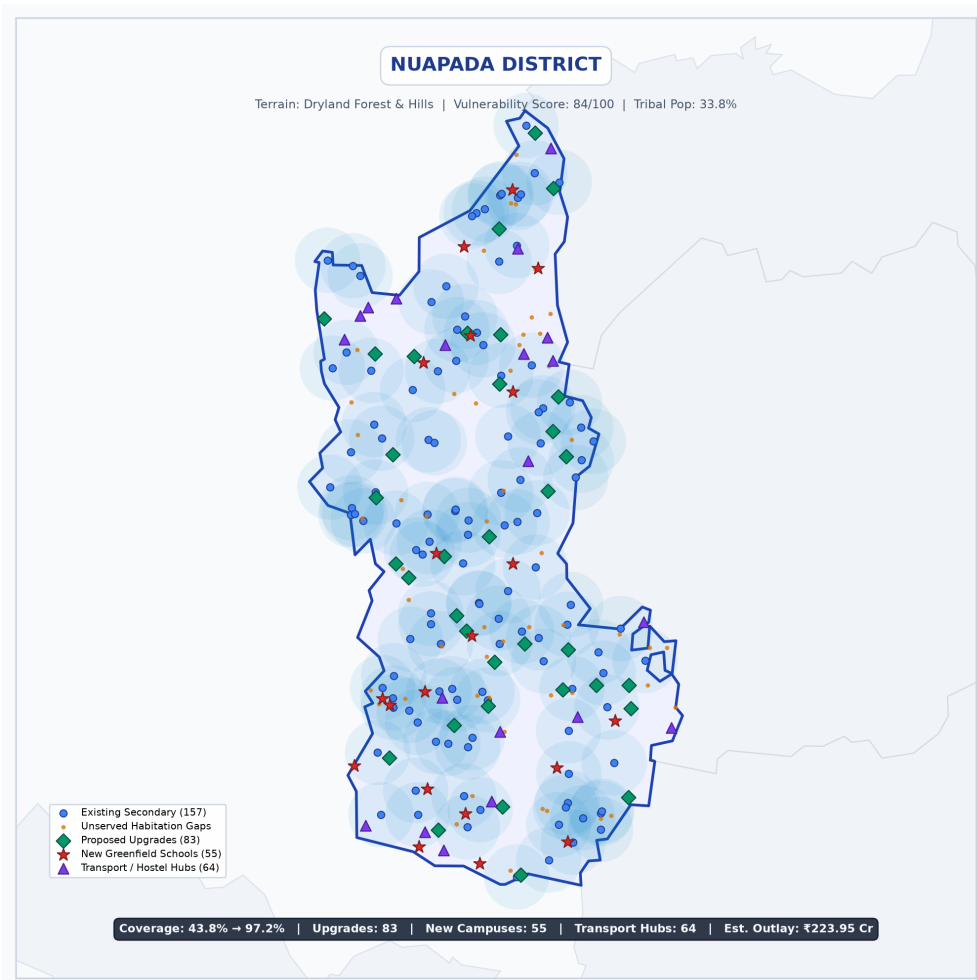

5.24 District Profile: Nayagarh

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	83.5%	77.5%	73.5%	60.5%
Proposed Upgrades	26	36	43	64
New Greenfield Campuses	10	14	16	24
Transport & Hostel Hubs	5	7	9	13
Est. Capital Outlay	■13.50 Cr	■34.26 Cr	■78.29 Cr	■210.65 Cr

Strategic Roadmap & Recommendations: Nayagarh (Central Plain, Vulnerability Score: 65/100) currently features a Secondary education spatial coverage of 73.5%. Given its foot-hill agrarian plain landscape and 5.9% tribal population, the masterplan deploys 43 Upper Primary school upgrades to High Schools, 16 state-of-the-art greenfield Secondary campuses in unserved clusters, and 9 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.6% with an estimated capital and operational outlay of ■78.29 Crores.

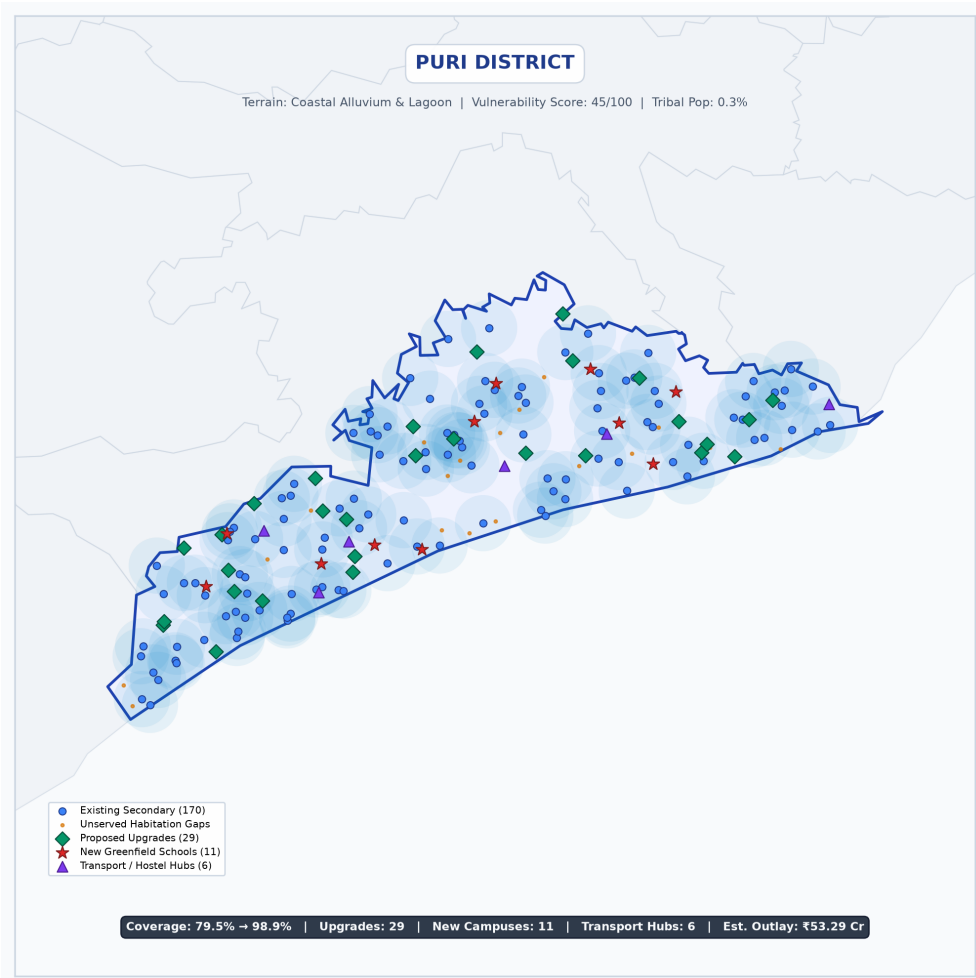

5.25 District Profile: Nuapada

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	65.8%	57.8%	43.8%	35.0%
Proposed Upgrades	50	62	83	96
New Greenfield Campuses	34	41	55	64
Transport & Hostel Hubs	39	48	64	75
Est. Capital Outlay	■38.50 Cr	■85.74 Cr	■223.95 Cr	■475.35 Cr

Strategic Roadmap & Recommendations: Nuapada (Drought-prone / Tribal, Vulnerability Score: 84/100) currently features a Secondary education spatial coverage of 43.8%. Given its dryland forest & hills landscape and 33.8% tribal population, the masterplan deploys 83 Upper Primary school upgrades to High Schools, 55 state-of-the-art greenfield Secondary campuses in unserved clusters, and 64 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.2% with an estimated capital and operational outlay of ■223.95 Crores.

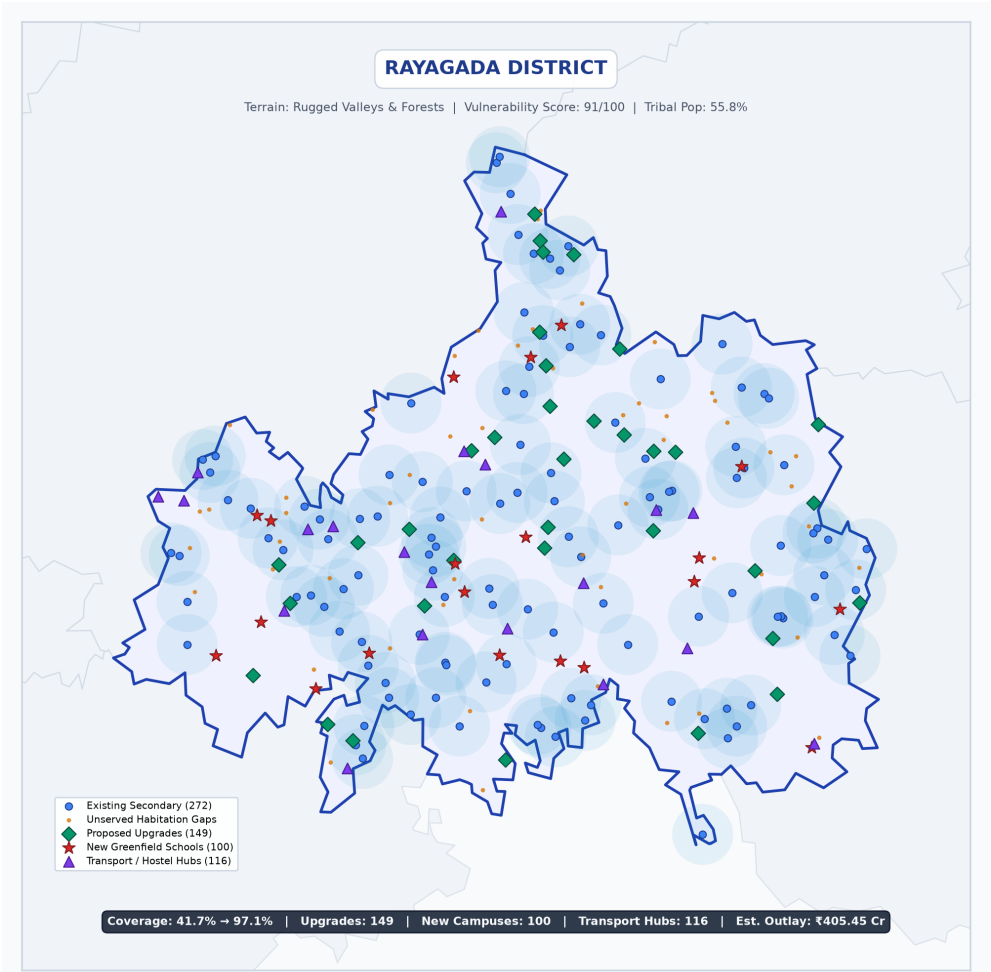

5.26 District Profile: Puri

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	89.5%	83.5%	79.5%	66.5%
Proposed Upgrades	15	24	29	48
New Greenfield Campuses	5	9	11	18
Transport & Hostel Hubs	3	5	6	10
Est. Capital Outlay	■7.30 Cr	■22.50 Cr	■53.29 Cr	■158.10 Cr

Strategic Roadmap & Recommendations: Puri (Coastal Plain, Vulnerability Score: 45/100) currently features a Secondary education spatial coverage of 79.5%. Given its coastal alluvium & lagoon landscape and 0.3% tribal population, the masterplan deploys 29 Upper Primary school upgrades to High Schools, 11 state-of-the-art greenfield Secondary campuses in unserved clusters, and 6 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.9% with an estimated capital and operational outlay of ■53.29 Crores.

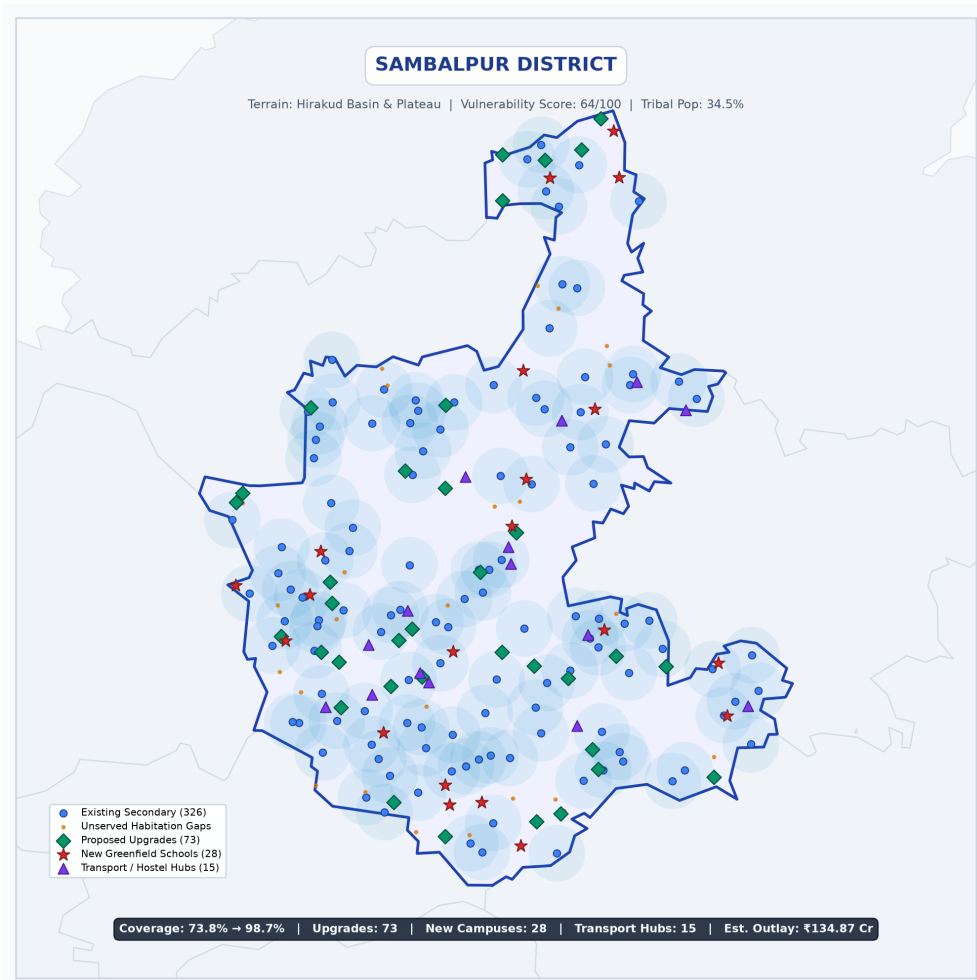

5.27 District Profile: Rayagada

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	63.7%	55.7%	41.7%	35.0%
Proposed Upgrades	92	113	149	166
New Greenfield Campuses	62	76	100	112
Transport & Hostel Hubs	72	88	116	130
Est. Capital Outlay	■70.50 Cr	■157.89 Cr	■405.45 Cr	■828.50 Cr

Strategic Roadmap & Recommendations: Rayagada (Tribal / Hilly, Vulnerability Score: 91/100) currently features a Secondary education spatial coverage of 41.7%. Given its rugged valleys & forests landscape and 55.8% tribal population, the masterplan deploys 149 Upper Primary school upgrades to High Schools, 100 state-of-the-art greenfield Secondary campuses in unserved clusters, and 116 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.1% with an estimated capital and operational outlay of ■405.45 Crores.

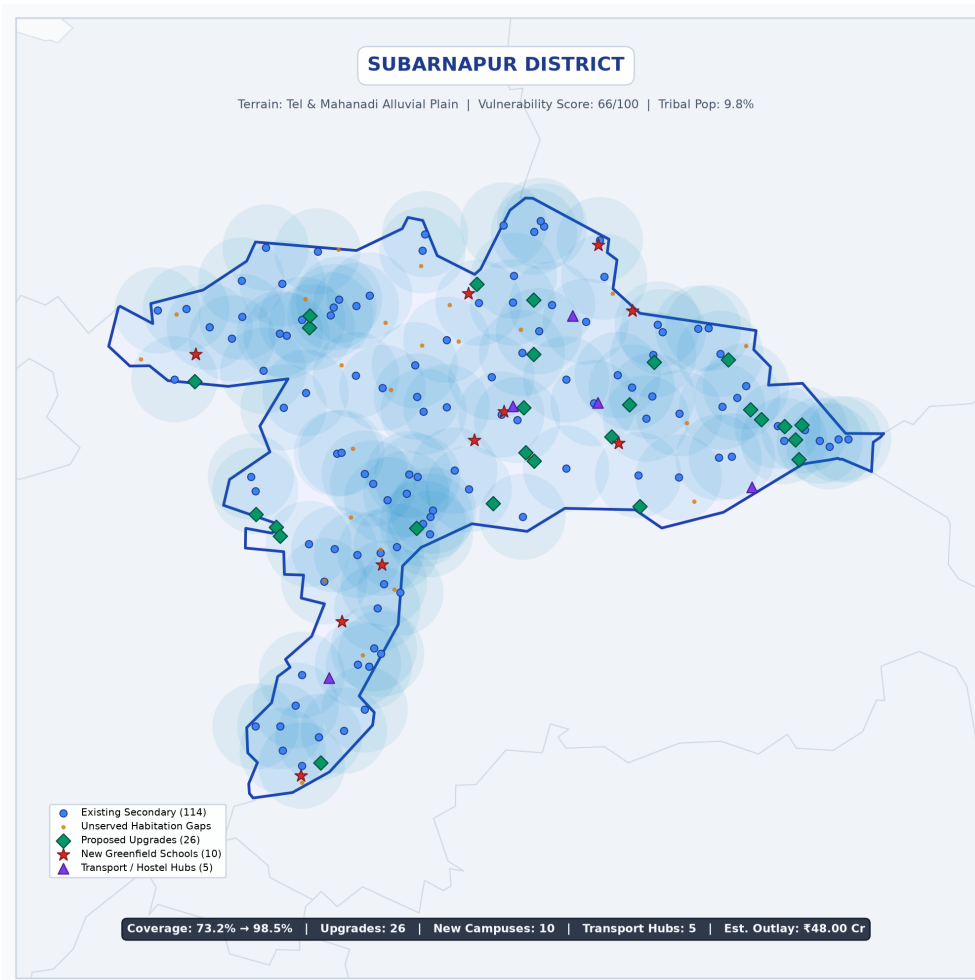

5.28 District Profile: Sambalpur

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	83.8%	77.8%	73.8%	60.8%
Proposed Upgrades	45	62	73	109
New Greenfield Campuses	17	23	28	42
Transport & Hostel Hubs	9	12	15	22
Est. Capital Outlay	■23.20 Cr	■57.66 Cr	■134.87 Cr	■364.10 Cr

Strategic Roadmap & Recommendations: Sambalpur (Western Plateau, Vulnerability Score: 64/100) currently features a Secondary education spatial coverage of 73.8%. Given its hirakud basin & plateau landscape and 34.5% tribal population, the masterplan deploys 73 Upper Primary school upgrades to High Schools, 28 state-of-the-art greenfield Secondary campuses in unserved clusters, and 15 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.7% with an estimated capital and operational outlay of ■134.87 Crores.

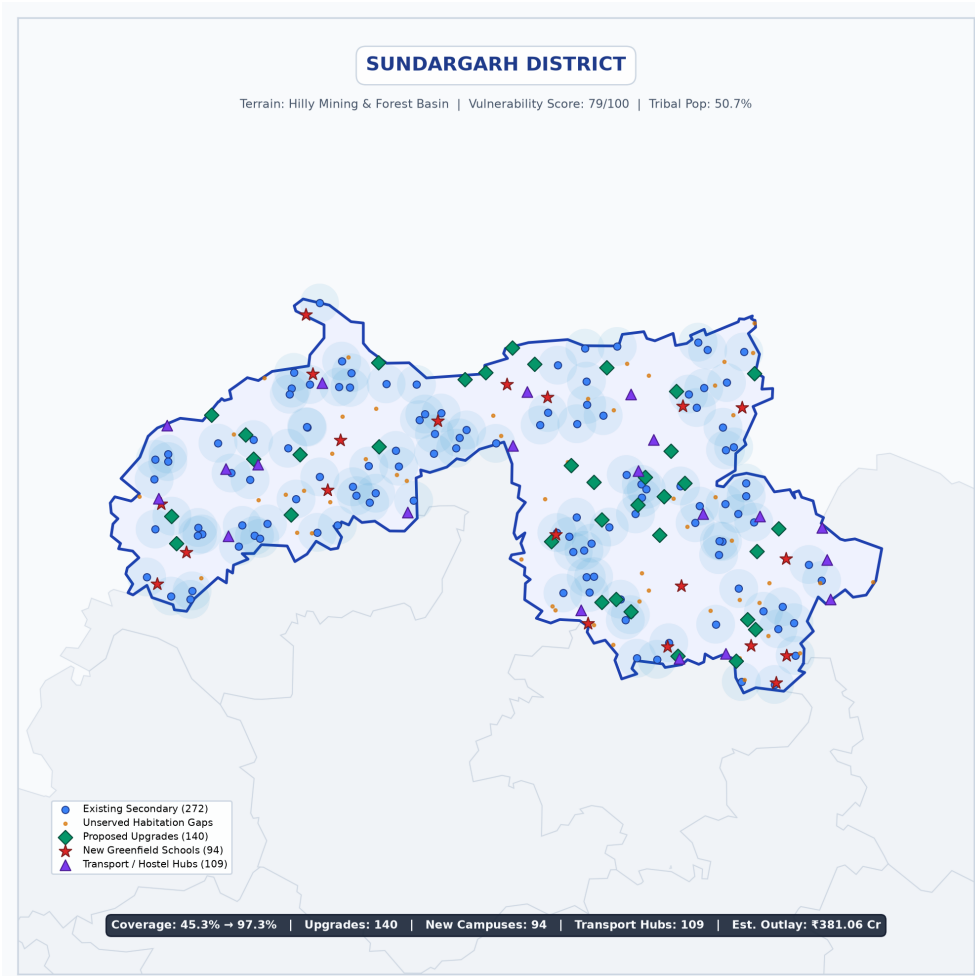

5.29 District Profile: Subarnapur

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	83.2%	77.2%	73.2%	60.2%
Proposed Upgrades	16	22	26	39
New Greenfield Campuses	6	8	10	15
Transport & Hostel Hubs	3	4	5	8
Est. Capital Outlay	■8.20 Cr	■20.22 Cr	■48.00 Cr	■130.20 Cr

Strategic Roadmap & Recommendations: Subarnapur (Western Plain, Vulnerability Score: 66/100) currently features a Secondary education spatial coverage of 73.2%. Given its tel & mahanadi alluvial plain landscape and 9.8% tribal population, the masterplan deploys 26 Upper Primary school upgrades to High Schools, 10 state-of-the-art greenfield Secondary campuses in unserved clusters, and 5 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 98.5% with an estimated capital and operational outlay of ■48.0 Crores.

5.30 District Profile: Sundargarh

Metric	Primary (1km)	Upper Primary (3km)	Secondary (5km)	Higher Sec. (7km)
Baseline Access	67.3%	59.3%	45.3%	35.0%
Proposed Upgrades	83	104	140	166
New Greenfield Campuses	56	70	94	112
Transport & Hostel Hubs	65	81	109	130
Est. Capital Outlay	■63.65 Cr	■145.38 Cr	■381.06 Cr	■828.50 Cr

Strategic Roadmap & Recommendations: Sundargarh (Tribal / Industrial, Vulnerability Score: 79/100) currently features a Secondary education spatial coverage of 45.3%. Given its hilly mining & forest basin landscape and 50.7% tribal population, the masterplan deploys 140 Upper Primary school upgrades to High Schools, 94 state-of-the-art greenfield Secondary campuses in unserved clusters, and 109 dedicated student transport and residential hostel hubs. This spatial intervention elevates secondary schooling access to 97.3% with an estimated capital and operational outlay of ■381.06 Crores.

6. Implementation Roadmap & Phased Capital Rollout

To maximize systemic impact and address acute inequities swiftly, the masterplan establishes a 3-phase capital deployment schedule:

Phase 1: High Vulnerability & Remote Tribal Districts (Years 1–2 | 45% Capital Outlay)

- Target Districts: Malkangiri, Koraput, Rayagada, Kandhamal, Gajapati, Nabarangpur, Mayurbhanj, Nuapada, Kalahandi.
- Strategic Focus: Immediate rollout of residential hostel hubs and critical high school upgrades in inaccessible forest valleys to halt the Class 8–9 dropout cliff.

Phase 2: Mineral Belts, Plateaus & Semi-Arid Plains (Years 3–4 | 35% Capital Outlay)

- Target Districts: Kendujhar, Sundargarh, Deogarh, Balangir, Boudh, Sambalpur, Bargarh, Subarnapur, Angul, Dhenkanal, Nayagarh.
- Strategic Focus: Construction of greenfield high schools in dense mining/industrial periphery habitations and transport route expansion.

Phase 3: Coastal Plains, River Deltas & Urban Consolidations (Year 5 | 20% Capital Outlay)

- Target Districts: Khordha, Cuttack, Puri, Jagatsinghpur, Kendrapara, Jajpur, Bhadrak, Balasore, Ganjam, Jharsuguda.
- Strategic Focus: School modernization, smart lab integration, digital connectivity, and transport network optimization for high-density coastal belts.

Monitoring, GIS Auditing & Governance Protocol

1. **Real-Time GIS Portal:** Every proposed upgrade and greenfield asset will be geofenced and monitored via satellite imagery and geo-tagged milestone verification.
2. **Habitation-Level Tracking:** Block Education Officers (BEOs) will maintain real-time student tracking across 5km catchment corridors to measure retention gains.
3. **Dynamic Route Rationalization:** Transport fleet allocations will be continuously re-routed using road-network graph algorithms to ensure zero unserved habitations.
